Re: INC 183 (August 2023) – Reclamation of Carrier Identification Codes (CICs)

Dear Natalie and Allyson:

The following list of CICs are missing a Semi-Annual Report and NANPA has received undeliverable notices for the contact information on file, and no Access Provider has reported trunk access and/or usage on these CICs. According to Section 6.2 of the CIC Assignment Guidelines:

If the CIC Administrator cannot make contact with the assignee, the CIC Administrator shall advise the INC that the CIC will be reclaimed and made available for reassignment following the twelve (12) month idle period, unless the INC advises otherwise within 30 days.

Therefore, NANPA is advising INC that the following CICs will be reclaimed as of September 8, 2023, unless INC advises NANPA otherwise prior to this date.
