This IL provides industry notification of the impending split of the 314 NPA.

Letter information (includes safety liability disclaimer (if applicable), ordering information, originator's signature information)

We have been advised by Southwestern Bell Telephone Company that substantial telephone number growth in the eastern half of Missouri necessitates splitting the existing 314 NPA and the simultaneous introduction of a new 573 NPA.

The St. Louis metropolitan area will retain the 314 NPA; Jefferson City, Columbia and the other towns in outstate Missouri will change to the 573 NPA.

The split of the 314 NPA, and the beginning of a permissive dialing period, will take place 11:59 PM CST on Sunday, January 7, 1996. The permissive dialing period will end 11:59 PM CDT on Sunday, July 7, 1996. During the permissive dialing period, either 314 or 573 will be acceptable in a dialed number terminating in the new 573 NPA. After the permissive period, calls dialed with incorrect NPA codes, as defined in the NPA split information published in the Local Exchange Routing Guide (LERG), will be routed to intercept.

All international and domestic carriers are asked to ensure that the new 573 NPA has been activated throughout their networks prior to January 7, 1996. A test number for the new 573 NPA will be established on or about December 15, 1995. The test number will be 573-792-8378. Local exchange carriers, alternative access providers, PBX equipment vendors and others are also being asked to make this number available to business customers by the start of permissive dialing.

The attached map illustrates the 314 and the 573 NPA configuration after the split. A listing of the communities to be served by each area code after the split is also attached.

Title NANP-Split of 314 (Missouri) Numbering Plan Area (NPA)		Accession Number 5V1000.17	

The dialing plan for the new 573 and 314 NPAs will be the same:

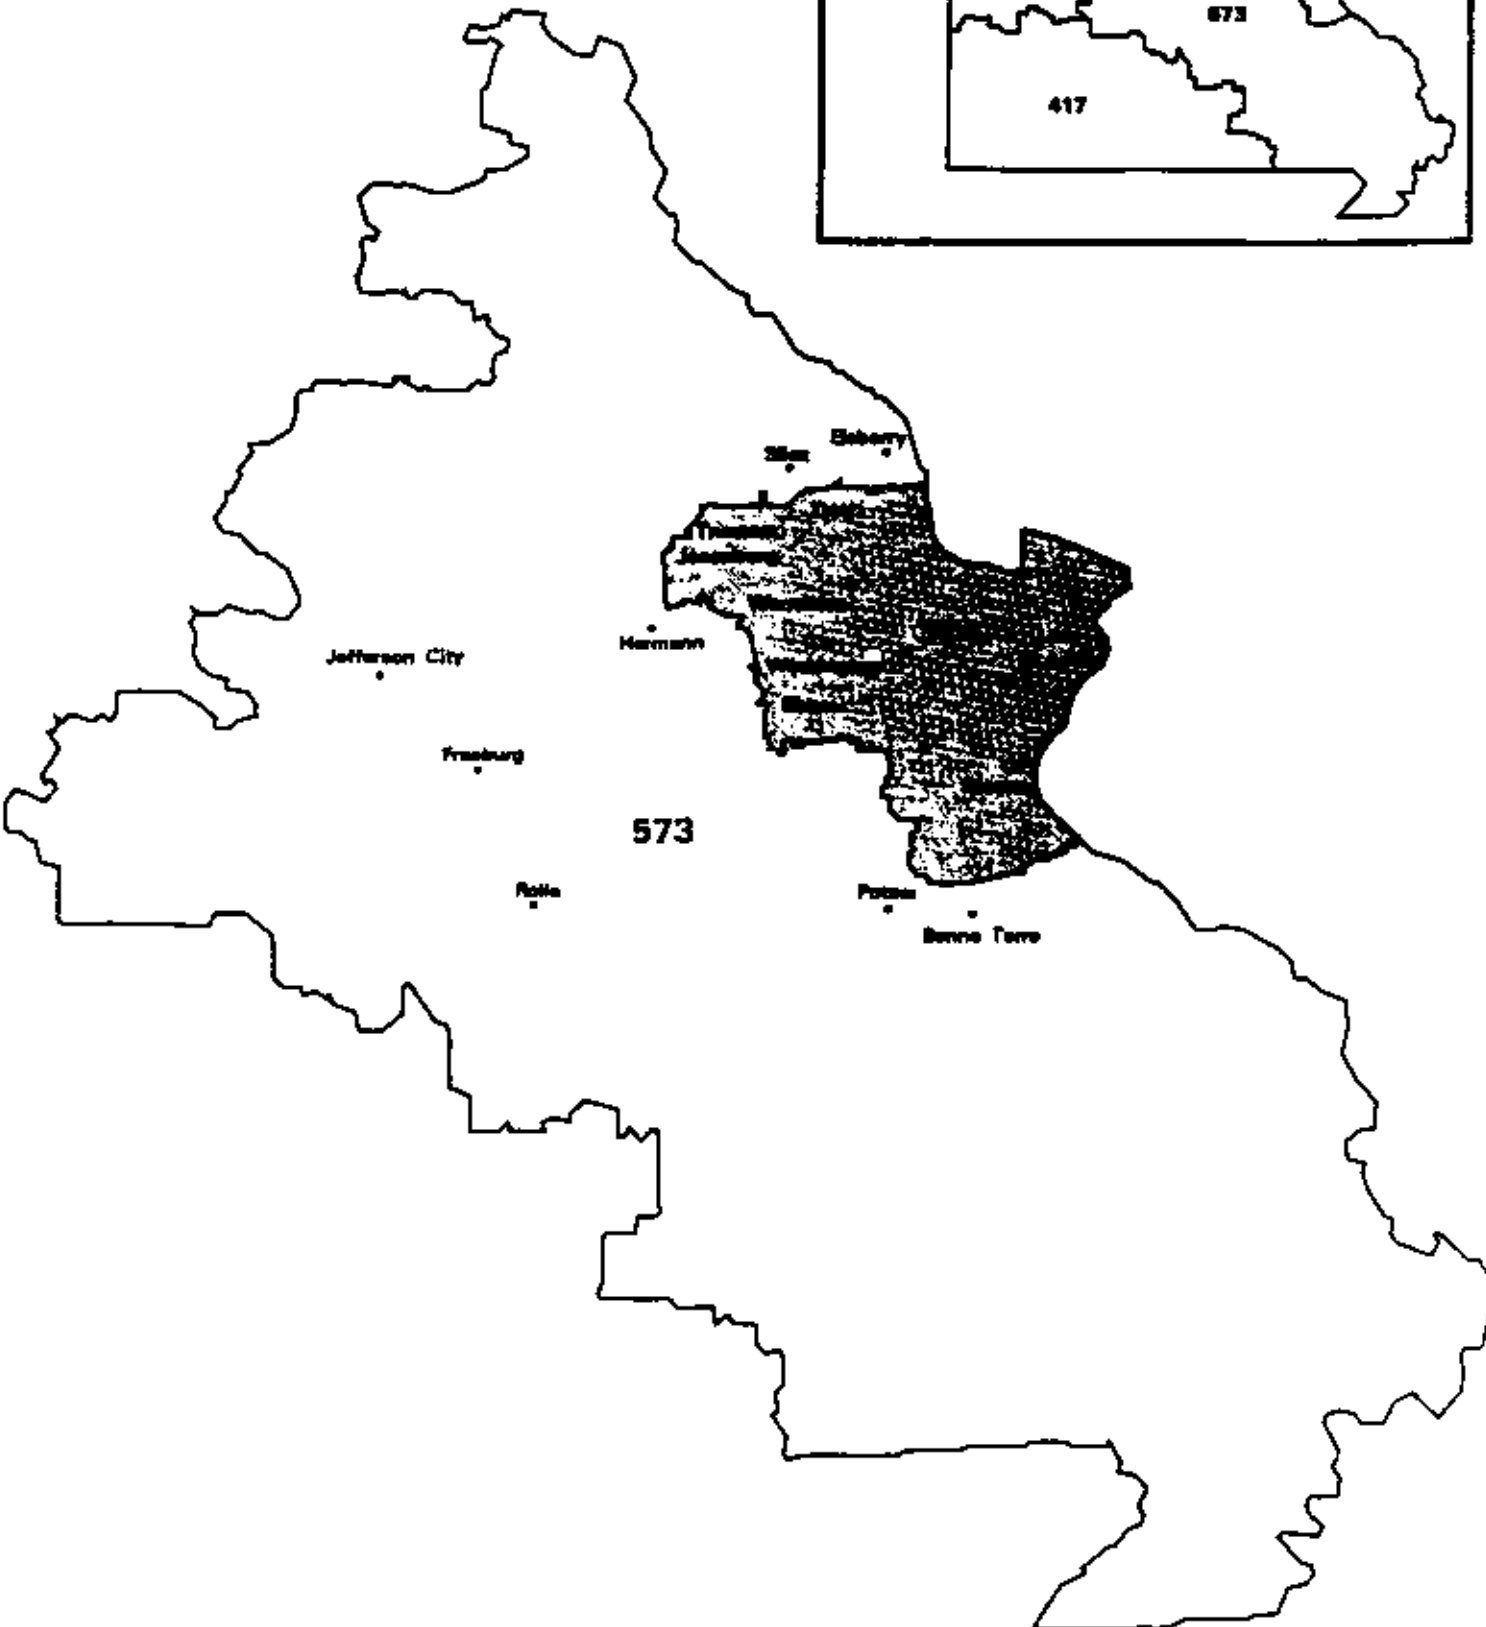

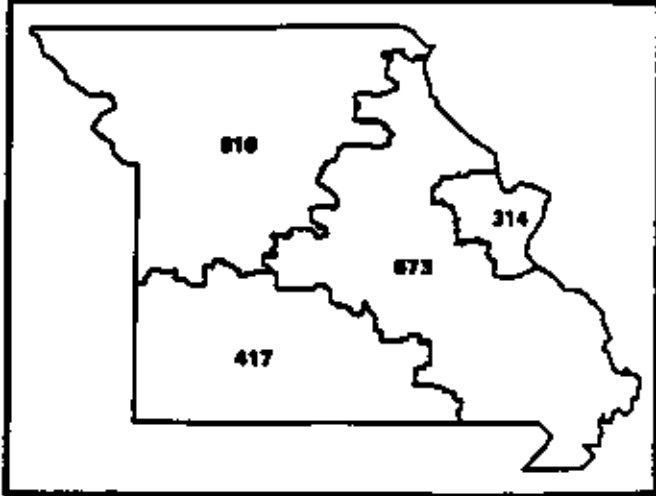

- All home NPA (HNPA) "local" calls will be dialed on a 7 digit basis with no prefix; i.e., NXX + XXXX (7 digits).
- All HNPA direct dialed "toll" calls (generally calls that incur an additional charge) will be dialed with a prefix "1" and 10 digits; i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All foreign NPA (FNPA) direct dialed "toll" calls will be dialed with a prefix "1" and 10 digits; i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- Operator assisted calls including credit card, collect, and third party calls will be dialed with a "0" prefix and 10 digits; i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

Questions of a technical nature should be directed to Pam Rak, Southwestern Bell, on (314) 957-1604. General questions should be referred to Lynda Meyer, Southwestern Bell, on (314) 957-6804.

Copies of this letter are being forwarded to achieve the widest possible industry distribution and may be reproduced for further distribution as needed. Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at (908) 699-6612.
