Subject: Declaration of Jeopardy Situation in NPA 407 (Florida)

We have been advised by BellSouth, central office code administrator for the 407 Numbering Plan Area (NPA), that demand for NXX codes in the 407 NPA in southeast Florida has increased significantly beyond the normal forecast. As a result, the 407 NPA is in jeopardy of exhausting prior to when relief can be provided. According to the *Central Office Code (NXX) Assignment Guidelines*, "A jeopardy condition exists when the forecasted and/or actual demand for NXX resources will exceed the known supply during the planning/implementation interval for relief."

Until relief can be provided, the special conservation measures outlined in Section 8.4 of the *Central Office Code (NXX) Assignment Guidelines* will be invoked (refer to document INC 95-0407-008).

Questions concerning the relief of the 407 NPA and NXX conservation measures may be directed to Stan Washer, BellSouth Code Administration, at 205-977-2668. NPA relief questions may also be directed to Nelson Tanner, BellSouth, at 954-492-3067, or to Susan Smith, BellSouth, at 954-492-1330.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
