Subject: Declaration of Jeopardy Situation in NPA 714 (California)

We have been advised by Pacific Bell, central office code administrator for the 714 Numbering Plan Area (NPA), that demand for NXX codes in the 714 NPA in the Orange County area of California has increased significantly beyond the normal forecast. As a result, the 714 NPA is in jeopardy of exhausting prior to when relief can be provided. According to the *Central Office Code (NXX) Assignment Guidelines*, "A jeopardy condition exists when the forecasted and/or actual demand for NXX resources will exceed the known supply during the planning/implementation interval for relief."

Until relief can be provided, the special conservation measures outlined in Section 8.4 and other appropriate sections of the *Central Office Code (NXX) Assignment Guidelines* will be invoked for the 714 NPA (refer to document INC 95-0407-008, revision 9/96).

Questions concerning the relief of the 714 NPA and NXX conservation measures may be directed California Code Administration at 510-823-2880.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
