Subject: Declaration of Jeopardy Situation in NPA 414 (Wisconsin)

We have been advised by Ameritech, central office code administrator for the 414 Numbering Plan Area (NPA), that demand for NXX codes in the 414 NPA in eastern Wisconsin has increased significantly. As a result, the 414 NPA is in jeopardy of exhausting prior to when relief can be provided. According to the *Central Office Code (NXX) Assignment Guidelines*, "A jeopardy condition exists when the forecasted and/or actual demand for NXX resources will exceed the known supply during the planning/implementation interval for relief."

Until relief can be provided, the special conservation measures outlined in Section 8.4 and other appropriate sections of the *Central Office Code (NXX) Assignment Guidelines* will be invoked for the 414 NPA (refer to document INC 95-0407-008, revision 9/96).

Questions concerning the relief of the 414 NPA may be directed to Pat Fleck, Network Technical Regulatory Support, Ameritech, at 847-248-5325.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
