

North American Numbering Plan Planning Letter

Number: PL-NANP-033
Date: January 22, 1997
From: J. N. Deak - NANP Administration
908-699-6612, jdeak @ notes.cc.bellcore.com
Subject: NANP-Split of 501 (Arkansas) Numbering Plan Area (NPA)

We have been advised by Southwestern Bell that substantial number growth in Arkansas necessitates providing area code relief for the 501 NPA. The relief plan, approved by the Arkansas Public Utility Commission, calls for a geographic split of the 501 NPA and the simultaneous introduction of a new 870 NPA. The following is a description of this relief plan.

Little Rock and communities in the central and northwestern portions of Arkansas will retain the 501 NPA and all other communities in the state will transfer to the new 870 NPA.

The split of the 501 NPA, and the beginning of a permissive dialing period, will take place at 12:01 AM Central Daylight Time (CDT) on Monday, April 14, 1997. The permissive dialing period will end at 12:01 AM CST on Monday, October 6, 1997. During the permissive dialing period, either the 501 or 870 NPA code will be acceptable in a dialed number terminating in the new 870 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

The attached map illustrates the 501 and 870 NPA configuration after the split. Also attached are listings provided by Southwestern Bell of the assigned central office codes (NXXs) in the 501 and 870 NPAs after the split. The NXX information is effective as of January 14, 1997. Since NXX information may change over time, updated NXX information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 908-699-6700.

Southwestern Bell has advised NANPA that the accelerated 501/870 NPA implementation schedule will require special attention by the industry as well as customers throughout the US. All international and domestic carriers are asked to ensure that the new 870 NPA has been activated throughout their networks prior to April 14, 1997. Test calls to verify routing to the new NPA can be made by dialing the test number, 870-251-1003, effective April 14, 1997. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected at the end of permissive dialing on October 6, 1997.

The dialing plan for the 501 and 870 NPAs will be as follows:

- All home NPA (HNPA) local calls will be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits).
- All HNPA toll calls, i.e., calls that generally incur an extra charge, will require a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).

- All foreign NPA (FNPA) local calls will be dialed on a 10-digit basis with no prefix, i.e., FNPA + NXX + XXXX (10 digits).
- All FNPA toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

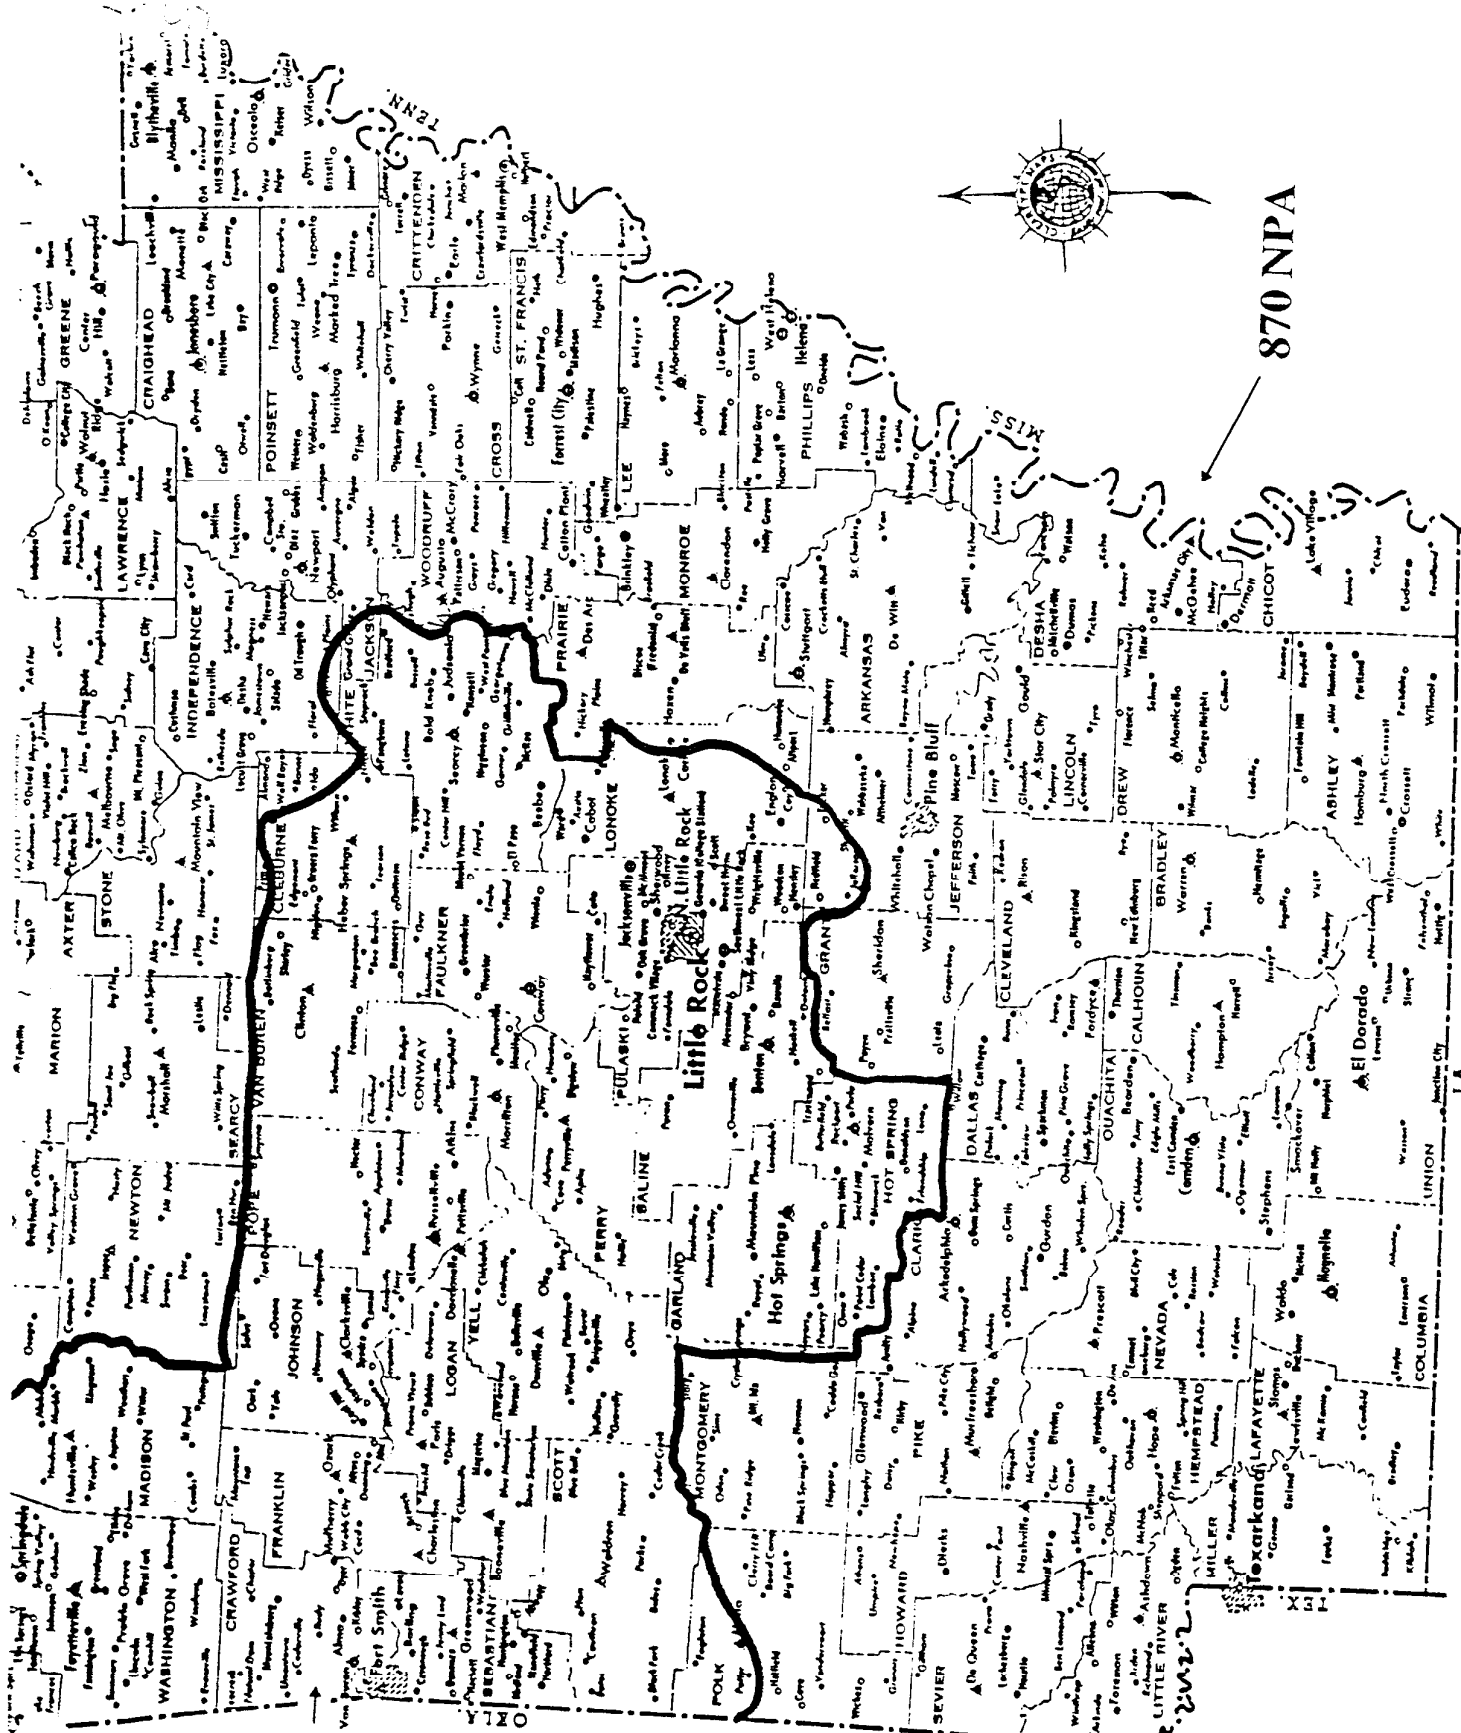

General questions concerning the split of the 501 and 870 NPAs may be directed to the Arkansas NPA Relief Coordinator at 913-676-1539.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
