

North American Numbering Plan Planning Letter

Number: PL-NANP-035
Date: January 22, 1997

Subject: NANP-Split of 210 (Texas) Numbering Plan Area (NPA)

We have been advised by Southwestern Bell that substantial number growth in the San Antonio area of Texas necessitates splitting the existing 210 NPA into three geographic areas and the simultaneous introduction of two new NPA codes: 830 and 956. The following is a description of this relief plan.

The existing 210 NPA will be divided into three NPAs. The "core" area consisting of the San Antonio metropolitan area will retain the 210 NPA. In the northern section of the current 210 NPA, the 830 NPA code will be assigned to all or part of 34 counties including the cities of Uvalde, New Braunfels, Fredericksburg and Kerrville. The southern split will be assigned the 956 NPA code, which will serve a seven-county area that includes the cities of Laredo, Brownsville and McAllen.

The split of the 210 NPA and the beginning of a permissive dialing period for both the 830 and 956 NPAs is scheduled for 12:01 AM EDT on Monday, July 7, 1997. The permissive period will end at 12:01 AM EST on Monday, October 6, 1997. During the permissive period, either 210 or 830 will be acceptable in a dialed number terminating in the new 830 NPA. Similarly, either 210 or 956 will be acceptable in a dialed number terminating in the new 956 NPA. During the permissive period, calls to the new 830 NPA will not be allowed using the 956 NPA code, nor will calls be allowed to the 956 NPA using the 830 NPA code. After the permissive period, all calls must utilize the proper NPA code.

The attached map illustrates the 210, 830 and 956 configuration after the split, showing approximately where the boundary between the NPAs will be located. Also attached are listings provided by Southwestern Bell of the assigned central office codes (NXXs) and associated NXX exchange names that will be located in the 210, 830 and 956 NPAs, as of January 8, 1997. Since NXX information may change over time, updated NXX information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 908-699-6700.

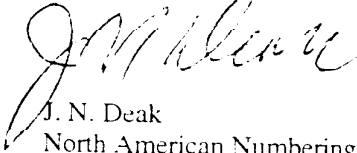

Southwestern Bell has advised NANPA that the accelerated 210/830/956 NPA implementation schedule will require special attention by the industry as well as customers throughout the US. All international and domestic carriers are asked to ensure that the new 830 and 956 NPAs have been activated throughout their networks prior to July 7, 1997. Test calls to verify routing to the new NPA can be made by dialing the following test numbers: 830-401-0371 and 956-519-7339, effective June 23, 1997. Calls successfully completed to either of the test numbers will receive a recorded announcement. The test numbers will be disconnected at the end of permissive dialing on October 6, 1997.

The dialing plan for the 210, 830, and 956 NPAs will remain the same as currently used within the 210 NPA, namely:

- All home NPA (HNPA) local calls will be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits).
- All HNPA toll calls, i.e., calls that generally incur an extra charge, will require a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All foreign NPA (FNPA) local calls will be dialed on a 10-digit basis with no prefix, i.e., FNPA + NXX + XXXX (10 digits).
- All FNPA toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

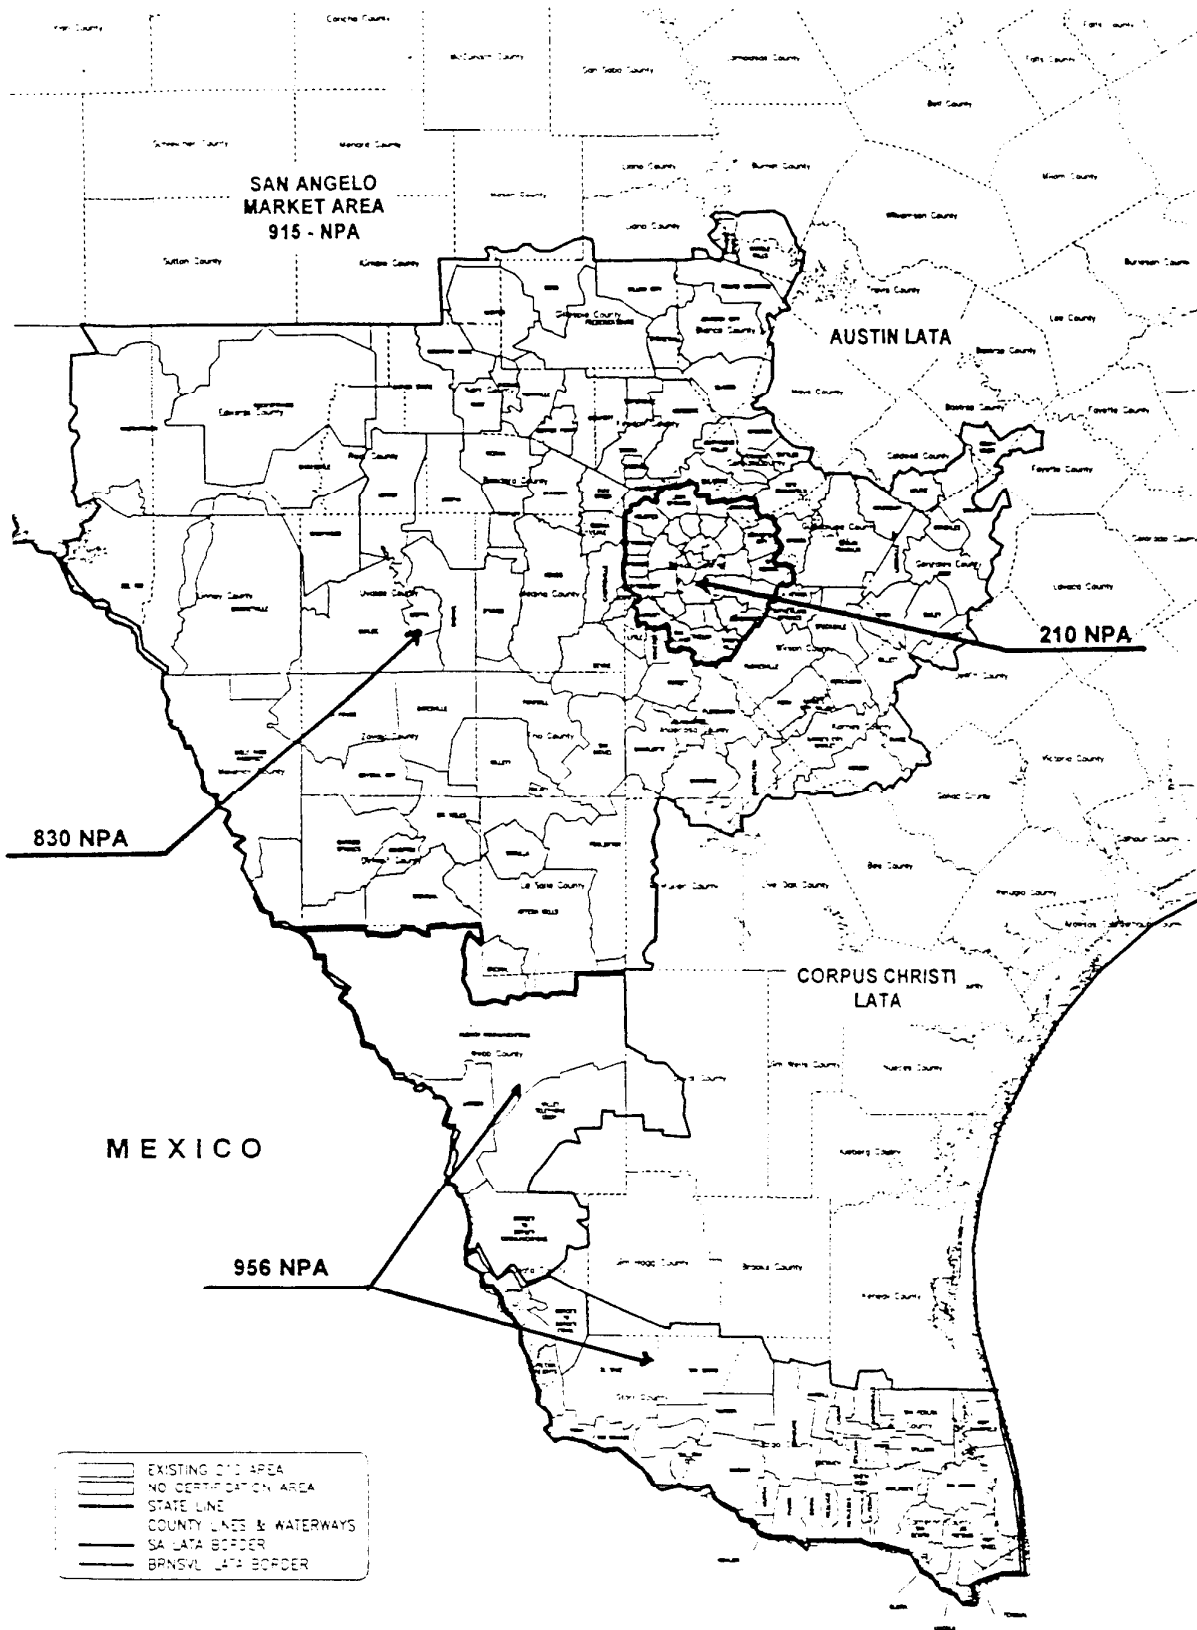

General questions concerning the 210/830/956 relief activity may be referred to the Texas NPA Relief Coordinator at 913-676-1539.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
