

# North American Numbering Plan Planning Letter

Number: PL NANP-036  
Date: January 23, 1997  
From: J. N. Deak - NANP Administration  
908-699-6612, jdeak @ notes.cc.bellcore.com  
Subject: NANP-Split of 201 (New Jersey) Numbering Plan Area (NPA)

---

We have been advised by Bell Atlantic that substantial number growth in northern New Jersey necessitates providing area code relief for the 201 NPA. The relief plan, approved by the New Jersey Board of Public Utilities, calls for a geographic split of the 201 NPA and the simultaneous introduction of a new 973 NPA. The following is a description of this relief plan.

The northeastern portion of the state including Bergen and Hudson counties will retain the 201 NPA. The remainder of the current 201 NPA will transfer to the new 973 NPA.

The split of the 201 NPA, and the beginning of a permissive dialing period, will take place at 2:00 AM Eastern Daylight Time (EDT) on Sunday, June 1, 1997. The permissive dialing period will end at 2:00 AM EST on Saturday, December 6, 1997. During the permissive dialing period, either the 201 or 973 NPA code will be acceptable in a dialed number terminating in the new 973 NPA. After the permissive period, all calls dialed with the incorrect NPA code, as defined in the NPA split information published in the Local Exchange Routing Guide (LERG), will be routed to an information announcement. Changes in local exchange routing, based on data provided by Bell Atlantic, will be incorporated into the LERG and the NPA NXX Activity Guide (NNAG) and will be available on March 1, 1997.

Central offices in the area to be served by the 973 NPA will be modified on a progressive basis to transmit "973" in the calling number Automatic Number Identification (ANI) between June 8, 1997 and October 13, 1997.

The attached map illustrates the 201 and 973 NPA configuration after the split. Also attached are listings of the assigned central office codes (NXXs) and the communities in the 201 and 973 NPAs after the split. The NXX information is effective as of November 1, 1996. Since NXX information may change over time, updated NXX information may be found either in the LERG or the NNAG. Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 908-699-6700.

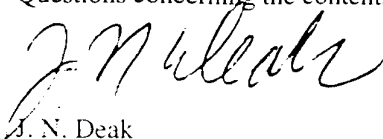

All international and domestic carriers are asked to ensure that the new 973 NPA has been activated throughout their networks prior to June 1, 1997. Test calls to verify routing to the new NPA can be made by dialing 973-759-3816, effective May 1, 1997. Calls successfully completed to the test number will receive a recorded announcement. The test number will remain operational until May 31, 1998. In the event that calls cannot be successfully completed to the new 973, the following number should be used for trouble reporting: 1-800-548-1515.

The dialing plan for the 201 and 973 NPAs will be as follows:

- All home NPA (HNPA) local and toll calls may be dialed on a 7-digit basis with no prefix, i.e., NXX-XXXX (7 digits), or with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits), as desired.
- All foreign NPA (FNPA) local and toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

General questions concerning the split of the 201 NPA may be directed to Jena Downs, Bell Atlantic, at 410-736-6711.

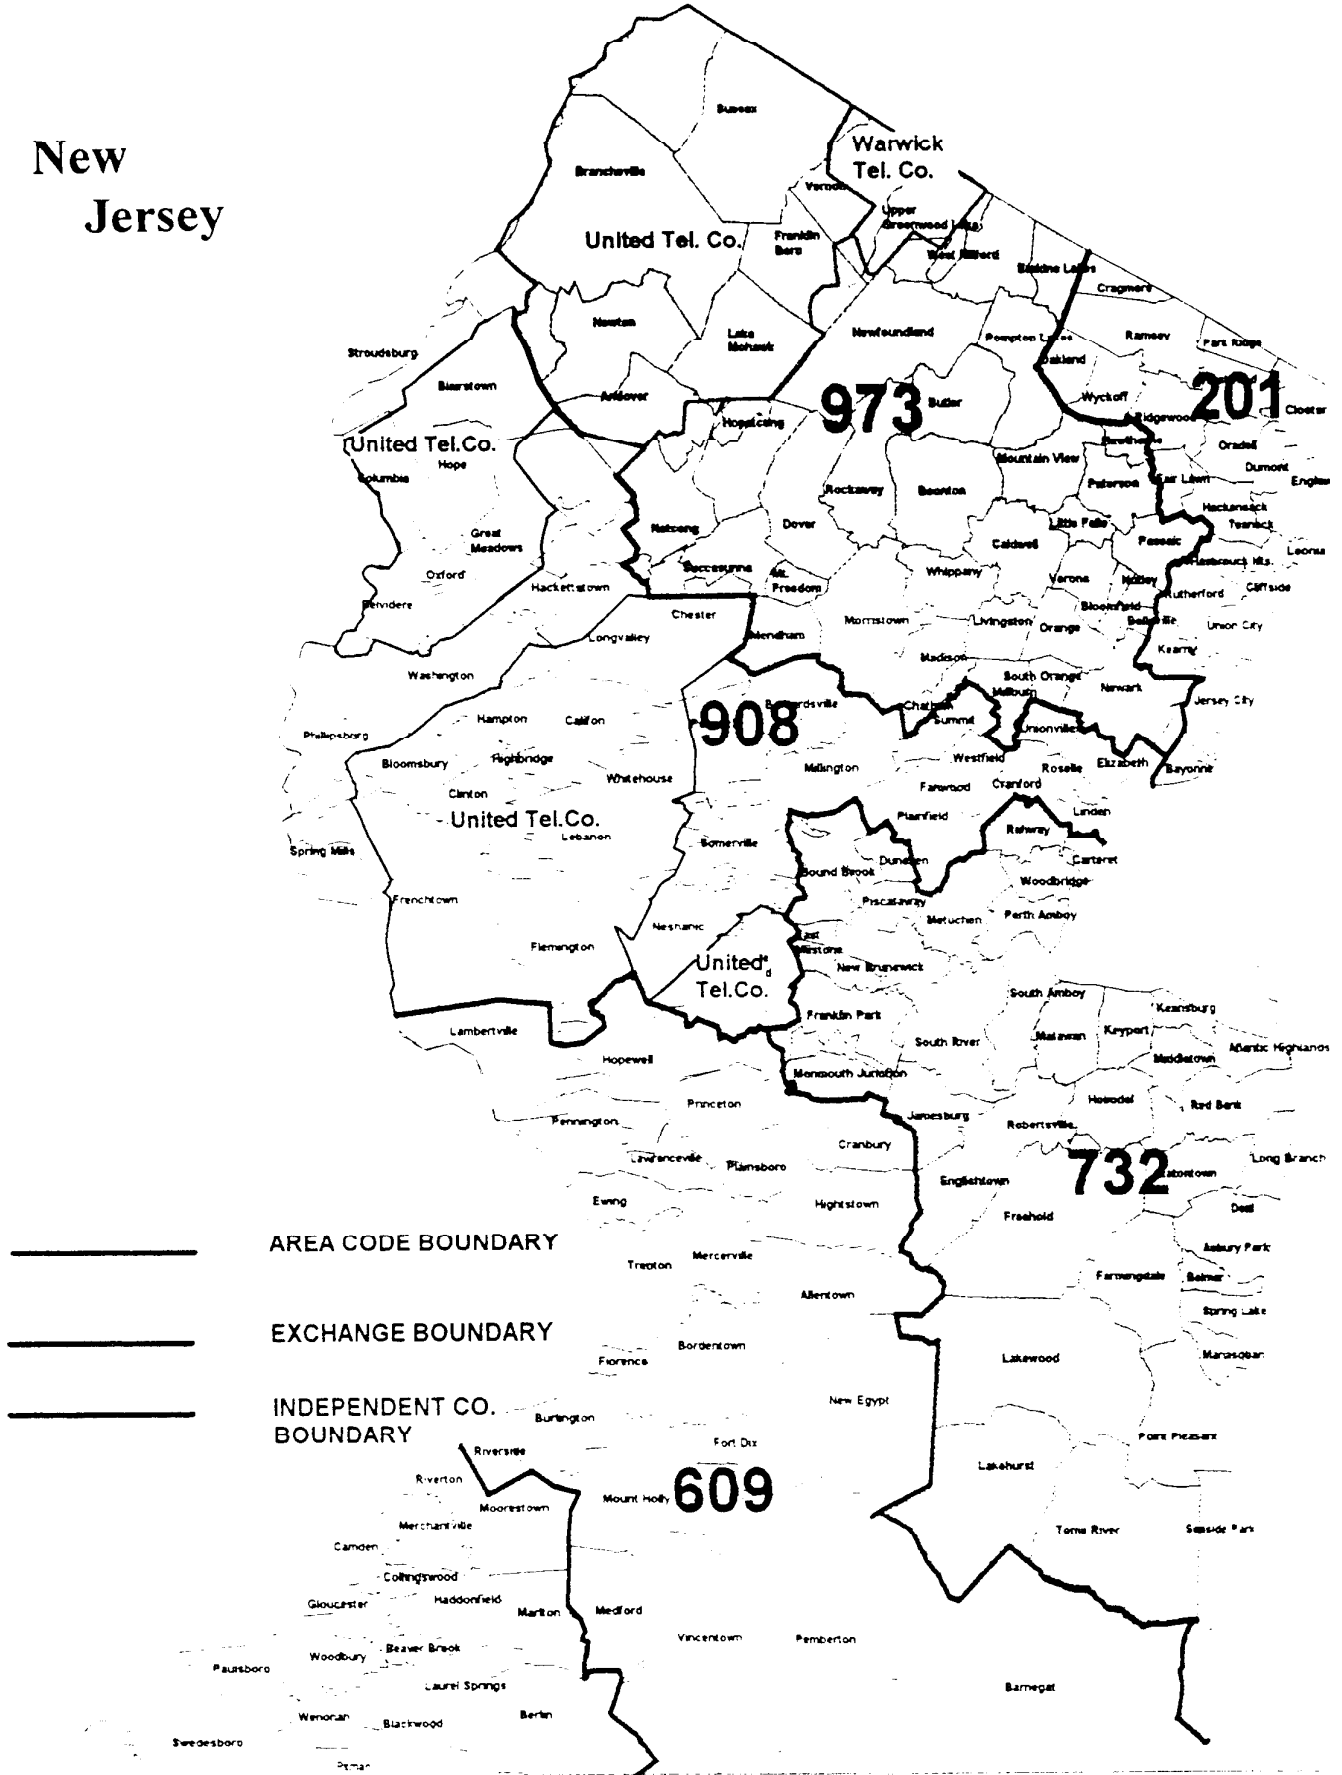

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
