

North American Numbering Plan Planning Letter

Number: PL-NANP-045
Date: March 12, 1997
From: J. N. Deak - NANP Administration
908-699-6612, jdeak @ notes.cc.bellcore.com
Subject: NANP-Split of 216 (Ohio) Numbering Plan Area (NPA)

Ameritech has provided final details for the second phase of a relief plan for the Cleveland area of the 216 NPA that was approved by the industry in 1995. The first phase of the plan has been completed as described in Bellcore letter IL95/11-008 and involved the introduction of the 330 NPA. The second phase of the relief plan calls for a geographic split of the 216 NPA and the simultaneous introduction of a new 440 NPA. The following is a description of Phase 2 of the 216 NPA relief plan.

The Cleveland metro area will retain the 216 NPA. The remainder of the existing 216 NPA will transfer to the new 440 NPA. Attached is a list of communities that will be served in each NPA after the split.

The split of the 216 NPA, and the beginning of a permissive dialing period, will take place at 12:01 AM Eastern Daylight Time (EDT) on Saturday, August 16, 1997. The permissive dialing period will end at 12:01 AM EST on Saturday, April 4, 1998. During the permissive dialing period, either the 216 or 440 NPA code will be acceptable in a dialed number terminating in the new 440 NPA. After the permissive period, all calls dialed with the incorrect NPA code, as defined in the NPA split information published in the Local Exchange Routing Guide (LERG), will be routed to intercept.

The attached map illustrates the 216 and 440 NPA configuration after the split. Also attached are listings of the assigned central office codes (NXXs) in the 216 and 440 NPAs after the split. The NXX information is effective as of February 21, 1997. Concurrently with Phase 2 of the split, a boundary change will take place and certain Alltel exchanges will move to the 330 NPA. The exchanges and associated NXXs are as follows:

Aurora	562, 995
Hinckley	278
Hudson	342, 650, 653, 655
Northfield	463, 467, 468, 528, 656
Peninsula	657
Richfield	659
Twinsburg	405, 425, 487, 963

Since NXX information may change over time, updated NXX information may be found either in the LERG or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 908-699-6700.

All international and domestic carriers are asked to ensure that the new 440 NPA has been activated throughout their networks prior to August 16, 1997. Test calls to verify routing to the new NPA can be made by dialing 440-943-7220, effective July 18, 1997. It is not expected the test number can be reached from

outside the 216 NPA until shortly before the beginning of permissive dialing. Calls successfully completed to the test number will receive a recorded announcement. The test number will remain operational until May 8, 1998.

The dialing plan for the 216 and 440 NPAs will be as follows:

- All home NPA (HNPA) local calls will be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits).
- All HNPA toll calls, i.e., calls that generally incur an extra charge, will require a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All foreign NPA (FNPA) local and toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

General questions concerning the split of the 216 NPA may be directed to Clare Larca, relief coordinator, Ameritech, at 216-822-5399. Questions concerning the 330 NPA boundary change may be directed to Pat Robertell-Hudson, Alltel, at 216-650-7232.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
