

## North American Numbering Plan Planning Letter

Number: PL-NANP-065  
Date: May 30, 1997  
From: J. N. Deak - NANP Administration  
908-699-6612, jdeak @ notes.cc.bellcore.com  
Subject: NANP-Split of 801(Utah) Numbering Plan Area (NPA)

---

We have been advised by US WEST that continued telephone number growth in the state of Utah necessitates providing area code relief for the 801 Numbering Plan Area (NPA). The relief plan, approved by the Public Service Commission of Utah, calls for a geographic split of the 801 NPA and the simultaneous introduction of a new 435 NPA. The following is a description of this relief plan.

The Salt Lake City/Ogden/Provo metropolitan area, which generally comprises the counties of Salt Lake, Utah, Davis, Weber, and Morgan, will retain the 801 NPA. The remaining area of the current 801 NPA will transfer to the new 435 NPA.

The split of the 801 NPA, and the beginning of a permissive dialing period, will take place at 12:01 AM Mountain Daylight Time on Sunday, September 21, 1997. The permissive dialing period will end at 12:01 AM Mountain Standard Time on Sunday, March 22, 1998. During the permissive dialing period, callers wishing to reach numbers in the area to be served by the new area code will be able to dial either the new 435 NPA code or the existing 801 NPA code. Beginning on March 22, 1998, calls placed to the 435 NPA will require the new area code. The areas which retain the 801 NPA will not be included in the permissive dialing arrangement.

The attached map illustrates the 801 and 435 NPA configuration after the split. Also attached are listings of central office codes (NXXs) and related information in the 801 and 435 NPAs as of May 1997, sorted numerically by NXX and alphabetically by Rate Center. Since NXX information may change over time, US WEST has indicated that updated NXX information may be obtained on an ongoing basis by calling the US WEST Communications' NPA Fax-on-Demand service at 1-800-450-6267.

All international and domestic carriers are asked to ensure that the new 435 NPA has been activated throughout their networks prior to September 21, 1997. Test calls to verify routing to the new NPA can be made by dialing 435-792-0049 which will be established on September 7, 1997. It is not expected the test number can be reached from outside the 801 NPA until shortly before the beginning of permissive dialing. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected on March 22, 1998.

US WEST has indicated that local calling areas and dialing plans will not be affected by this NPA split. The following dialing procedures will continue for the 801 and 435 NPAs:

- All home NPA (HNPA) and foreign NPA (FNPA) local calls will be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits). Note: 1 + 10 digit and 10 digit dialing will not be allowed for these types of calls.

- All HNPA and FNPA direct dialed toll calls, i.e., calls that generally incur an extra charge, will be dialed with a prefix "1" and 10 digits, i.e., 1 + NPA + NXX + XXXX (1 + 10 digits).
- All direct dialed operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

Questions concerning the split of the 801 NPA may be directed to Jack Ott, US WEST, at 303-707-7005, or to Charlene Barbknecht, US WEST, at 303-707-7019. An ANI conversion schedule will be available by early September 1997 by calling Bill Bennett, US WEST, at 303-707-8044.

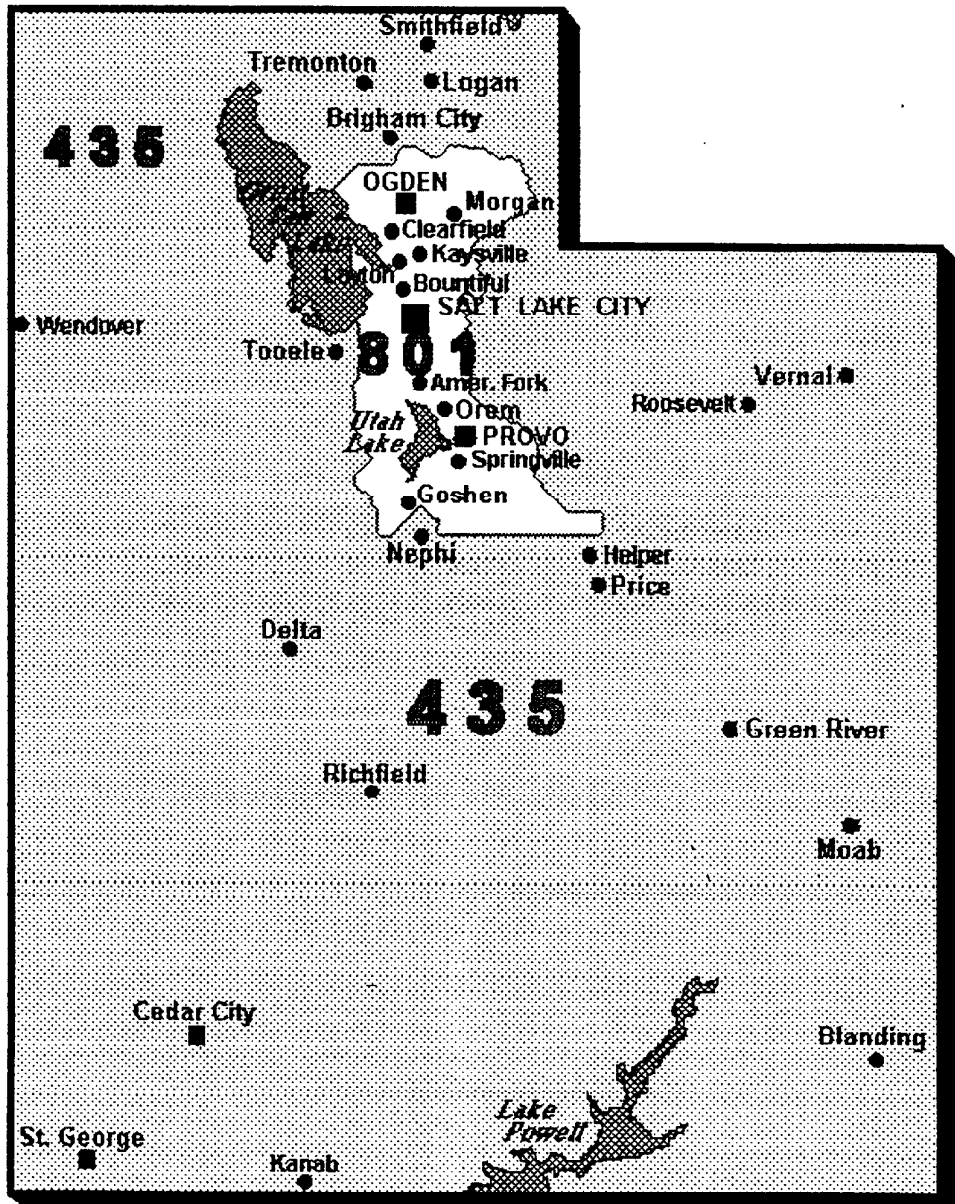

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
