

North American Numbering Plan Planning Letter

Number: PL-NANP-068
Date: June 16, 1997
From: J. N. Deak - NANP Administration

Subject: NANP-Split of 508 (Massachusetts) Numbering Plan Area (NPA)

We have been advised by NYNEX, the Massachusetts Code Administrator (MCA), that substantial number growth in eastern Massachusetts necessitates providing area code relief for the 508 NPA. The relief plan, ordered by the Massachusetts Department of Public Utilities, calls for a geographic split of the 508 NPA and the simultaneous introduction of a new 978 NPA. The following is a description of this relief plan.

The existing 508 NPA will be split just north of the Framingham, Boylston and Rutland areas. Communities south of the boundary will retain the 508 NPA and include Worcester, Framingham, Brockton, Plymouth areas, Cape Code and the Islands. All other communities in the current 508 NPA will transfer to the new 978 NPA.

The split of the 508 NPA, and the beginning of a permissive dialing period, will take place at 12:01 AM Eastern Daylight Time (EDT) on Monday, September 1, 1997. The permissive dialing period will end at 12:01 AM EST on Monday, December 1, 1997. During the permissive dialing period, either the 508 or 978 NPA code will be acceptable in a dialed number terminating in the new 978 NPA for all central office codes (NXXs) in service prior to the beginning of the permissive period. Once the permissive period has ended, all calls must utilize the proper NPA code and a mandatory dialing period will commence. Calls not utilizing the proper NPA code will be routed to an instructional announcement which will alert the dialer to use the appropriate NPA code. On May 1, 1998, duplicate NXX assignment in both the 508 and 978 NPAs will be allowed.

The attached map illustrates the 508 and 978 NPA configuration after the split. Also attached are listings of the assigned central office codes (NXXs) and the communities in the 508 and 978 NPAs. The NXX information, effective as of May 27, 1997, is sorted numerically by NXX and alphabetically by Rate Center. Since NXX information may change over time, updated NXX information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 732-699-6700.

Coincident with the implementation of the new 978 NPA, a new calling plan as described below will be introduced. Local and toll rates will not be affected.

- All home NPA (HNPA) local calls will be dialed on a 7-digit basis with no prefix, i.e., NXX-XXXX (7 digits).
- All HNPA toll calls, i.e., calls beyond the local calling area, will be dialed with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All foreign NPA (FNPA) local calls will be dialed on a 10-digit basis with no prefix, i.e., FNPA + NXX + XXXX (10 digits).

- All FNPA toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

All international and domestic carriers are asked to ensure that the new 978 NPA has been activated throughout their networks prior to September 1, 1997. Similarly, all vendors and users of PBX equipment in the Boston area are encouraged to verify that telephone systems can accommodate 10-digit dialing prior to December 1, 1997. Test calls to verify routing to the new NPA can be made by dialing 978-725-3228, effective September 1, 1997. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected on February 1, 1998.

An Automatic Number Identification (ANI) Conversion Schedule will be available prior to the start of permissive dialing. General questions concerning the implementation of the new 978 NPA may be directed to Eileen Rush, NYNEX, at 617-743-3294.

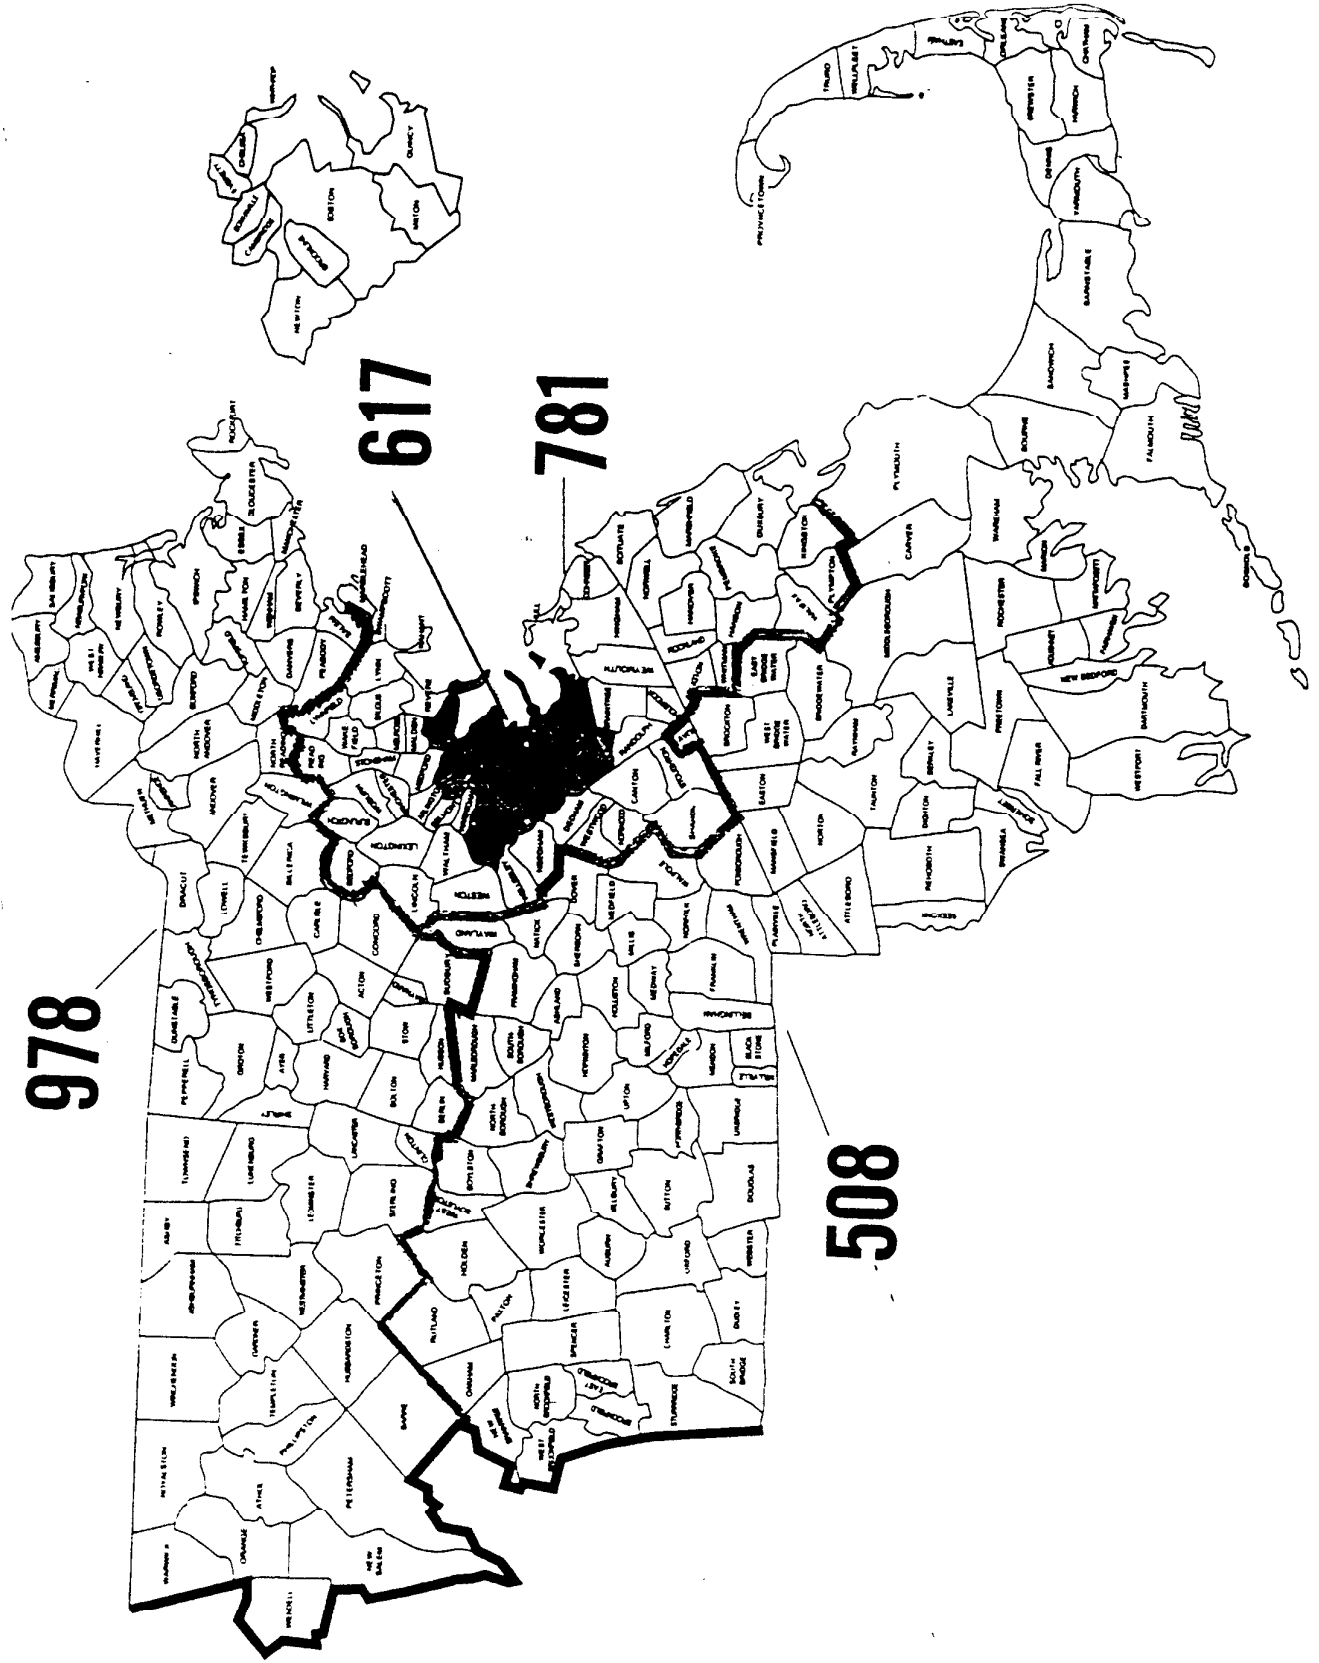

The 508 NPA continues in extraordinary NPA-specific conservation measures as described in Bellcore document PL-NANP-047.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 732-699-6612.
