Subject: Declaration of Jeopardy Situation in NPA 847 (Illinois)

We have been advised by Ameritech, central office code administrator for the 847 Numbering Plan Area (NPA) in Chicago, Illinois, that, based on the latest forecast, the 847 NPA is in jeopardy of exhausting prior to when relief can be provided. According to the *Central Office Code (NXX) Assignment Guidelines*, "A jeopardy condition exists when the forecasted and/or actual demand for NXX resources will exceed the known supply during the planning/implementation interval for relief." A docket for an area code relief plan is currently pending before the Illinois Commerce Commission.

Until relief can be provided, the special conservation measures outlined in Section 8.4 and other appropriate sections of the *Central Office Code (NXX) Assignment Guidelines* will be invoked for the 847 NPA (refer to document INC 95-0407-008). In addition, Ameritech has indicated a meeting of the industry will be convened in the near future to review the possible implementation of additional conservation measures.

For questions or further information concerning the 847 NPA, contact Lisa Robertson, Code Administrator - Ameritech Region, at 312-220-2047.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 732-699-6612.
