

North American Numbering Plan Planning Letter

Number: PL-NANP-098
Date: November 6, 1997
From: J. N. Deak - NANP Administration
732-699-6612, jdeak @ notes.cc.bellcore.com
Subject: NANP-Split of 209 (California) Numbering Plan Area (NPA)

We have been advised by California-Nevada Code Administration (CNCA) that substantial number growth in northern California necessitates providing area code relief for the 209 NPA. The relief plan, approved by the California Public Utilities Commission (CPUC) in Decision 97-06-051, calls for a geographic split of the 209 NPA and the simultaneous introduction of a new 559 NPA. The following is a description of this relief plan.

The southern portion of the existing 209 NPA will transfer to the new 559 NPA. This area is bounded by the 760 NPA to the east, by the 805 NPA to the south, by part of the 408 NPA to the west, and by the remainder of the 209 NPA to the north. A listing of cities and towns served by each NPA is attached.

The split of the 209 NPA, and the beginning of a permissive dialing period, will take place at 2:00 AM Pacific Standard Time (PST) on Saturday, November 14, 1998. The permissive dialing period will end at 2:00 AM PDT on Saturday, May 15, 1999. During the permissive dialing period, either the 209 or the 559 NPA code will be acceptable in a dialed number terminating in the new 559 NPA. After the permissive period, all calls dialed with an incorrect NPA code, as defined in the NPA split information published in the Local Exchange Routing Guide (LERG), will be routed to intercept.

The attached maps illustrate the 209 and 559 NPA configurations after the split. Also attached are four listings of the assigned NXXs and Rate Centers that will be associated with the 209 and 559 NPAs. These lists reflect assignments published in the LERG as of October 1, 1997 and are sorted two ways for each NPA: numerically by NXX and alphabetically by Rate Center name. Since the attached NXX information may change over time, updated information may be found either in the LERG or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 732-699-6700.

All international and domestic carriers are asked to ensure that the new 559 NPA code has been activated throughout their networks prior to November 14, 1998. Test calls to verify routing to the new NPA code can be made by dialing 559-666-0209, effective October 24, 1998. It is not expected the test number can be reached from outside the 209 NPA until shortly before the beginning of permissive dialing. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected June 12, 1999.

The dialing plan for the 209 and 559 NPAs will remain the same, namely:

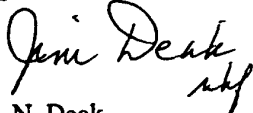

- All home NPA (HNPA) local calls and toll calls may be dialed on a 7-digit basis, i.e., NXX-XXXX (7 digits), or with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits), as desired.

- All foreign NPA (FNPA) local calls and toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

The CNCA has indicated the 209 NPA remains in a jeopardy situation, as described in Bellcore Planning Letter, PL-NANP-054, which was invoked in accordance with the *Central Office Code (NXX) Assignment Guidelines* (document INC 95-0470-008). Because of increased demand for central office codes and the possibility of premature exhaust, the CNCA has applied *special and extraordinary NPA-specific* conservation measures per Section 8 of the guidelines on April 24, 1997 as described in the above Planning Letter.

General questions concerning the split of the 209 NPA, and related code conservation measures, may be directed to the CNCA at 510-823-2880. Questions of a technical nature should be directed to the NPA project coordinator, Pacific Bell, at 916-972-2752.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 732-699-6612.

J. N. Deak
North American Numbering Plan Administration

209 Area Code Split

New 559 NPA

When the 209 area code splits, the following cities and towns will be in the new **559** area code:

Avenal	Lemoore
Chowchilla	Lindsay
Clovis	Madera
Coalinga	Mendota
Corcoran	Orange Cove
Dinuba	Parlier
Exeter	Porterville
Farmersville	Reedley
Firebaugh	San Joaquin
Fowler	Sanger
Fresno	Selma
Hanford	Tulare
Huron	Visalia
Kerman	Woodlake
Kingsburg	

209 Area Code Split

Reconfigured 209 NPA

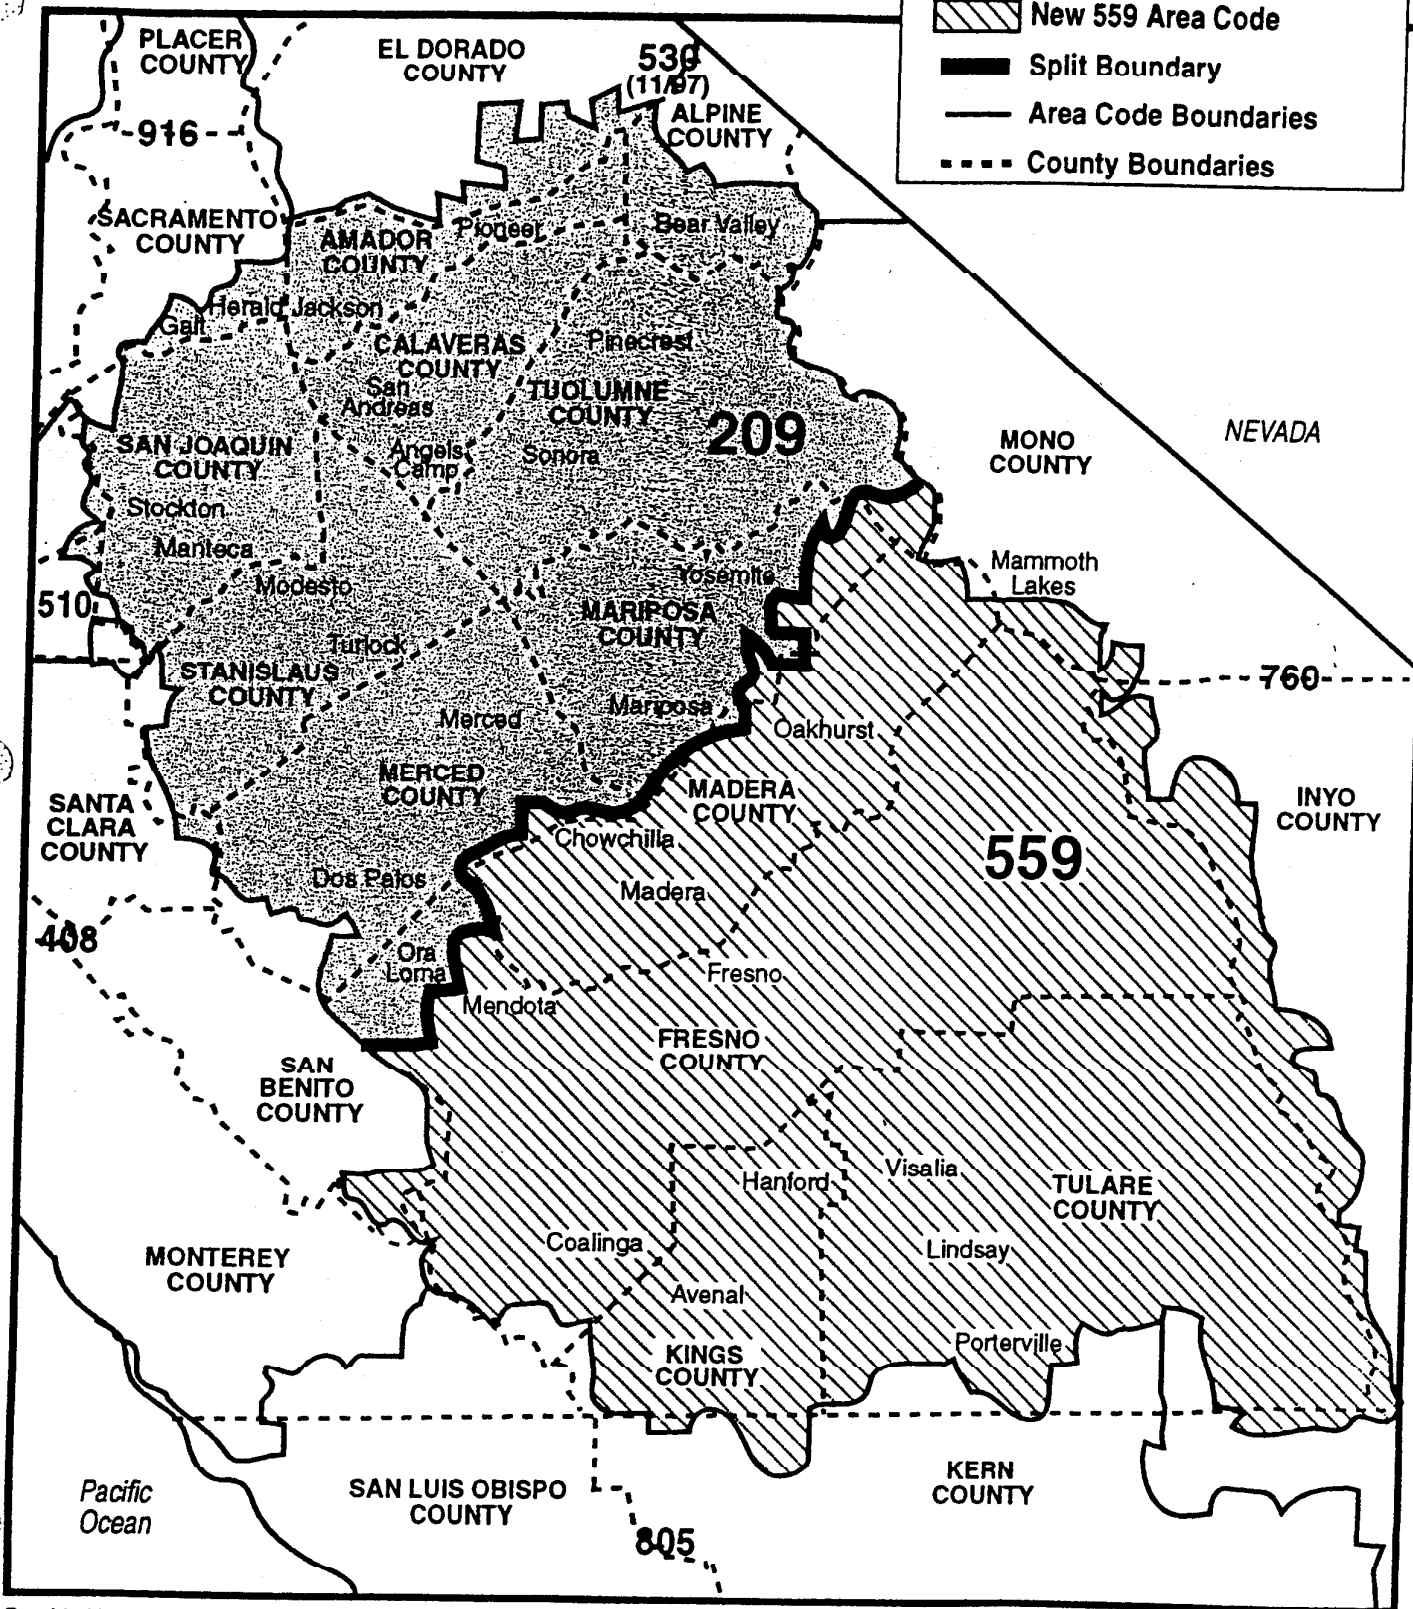

When the 209 area code splits, the following cities and towns will remain in the **209 area code**:

Amador	Manteca
Angels Camp	Merced
Atwater	Modesto
Ceres	Newman
Dos Palos	Oakdale
Escalon	Patterson
Gustine	Plymouth
Hughson	Ripon
Ione	Riverbank
Jackson	Sonora
Lathrop	Stockton
Livingston	Sutter Creek
Lodi	Tracy
Los Banos	Turlock
	Waterford
