Subject: Extraordinary Jeopardy Procedures for 650 NPA in California

We have been notified by Lockheed Martin IMS - Code Administration that the 650 Numbering Plan Area (NPA) has number demand that has increased beyond normal forecasts and is in jeopardy of exhausting prior to when relief can be provided. According to the *Central Office Code (NXX) Assignment Guidelines* (document INC 95-0407-008), "A jeopardy condition exists when the forecasted and/or actual demand for NXX codes exceeds the known supply during the planning/implementation interval for relief." The purpose of this announcement is to provide the extraordinary NPA-specific conservation measures as defined in Section 8.5 of the *Central Office Code (NXX) Assignment Guidelines* which have become necessary for the 650 NPA.

Therefore, the 650 NPA will be frozen from any further assignments on July 20, 1998, at 5pm (Pacific Time). Any code requests received prior to this time will be processed.

A jeopardy meeting will be held following the 650 NPA script meeting on July 29, 1998. Further information regarding the meeting will be faxed out separately.

Questions concerning the relief of the 650 NPA should be directed to Joe Cocke, Senior NPA Relief Planner, at 805-492-6327. Questions concerning the extraordinary NPA-specific conservation procedures should be directed to Paula Hustead, NANPA CO Code Administrator, at 925-363-8706.

Questions concerning the contents of this letter may be referred to Rose Breidenbaugh, on 202 756-5779.
