Number: PL-NANP-148

Date: January 8, 1999

From: R.C. Breidenbaugh –NANP Administration

Subject: Reissue of the 403 NPA Split in Alberta, Canada, to add new Test Numbers, NXX listing, and Permissive Dialing Dates (first issued in PL-NANP-084 on September 2, 1998.)

---

Lockheed Martin IMS - Code Administration provides notification that Telus in Canada has advised NANPA that the information detailed in the original Planning Letter (PL-NANP-084) should be repeated with corrections detailed in **red** below.

The relief plan approved by the Canadian Radio and Television Commission calls for the geographic split of the 403 NPA and the simultaneous introduction of the 780 NPA for the relief of NPA 403. In accordance with the Industry Notification of NPA Relief Activity Guidelines (ICCF 92-1127-006), the following is a description of the relief plan.

This relief plan provides for a north/south split of the 403 NPA with a horizontal boundary line drawn north of Red Deer and Stettler. All areas and communities south of the boundary line will retain the 403 NPA, areas and communities north of the line will be assigned the new 780 NPA.

The split of the 403 NPA, and the beginning of a permissive dialing period, will take place at **00:01 AM Mountain Standard Time (MST) on Monday January 25<sup>th</sup>, 1999**. The permissive dialing period will end at **00:01 AM Daylight Saving Time (DST) on Tuesday May 18<sup>th</sup>, 1999**. During the permissive dialing period, either the 403 or 780 NPA code will be acceptable in a dialed number terminating in the new 780 NPA. After the permissive period, all calls dialed with the incorrect NPA will be routed to intercept.

The attached **map** illustrates the 403 and 780 NPA configuration after the split. Also attached is a **numerical listing** of all assigned central office codes (NXX) within each NPA, as of November **25**, 1998.

All international and domestic carriers are asked to ensure that the new 780 NPA has been activated throughout their networks prior to January 25, 1999. Test Calls to verify routing to the new NPA can be made by dialing **780-563-2325 or 780-562-2325**, effective November **25**, 1998. It is not expected the test number can be reached from outside 403 NPA until shortly before the beginning of permissive dialing. Calls successfully completed to the test number will receive a recorded announcement. The test number will be disconnected at the end of the permissive period on **May 18, 1999**. In the event that calls cannot be successfully completed to the new NPA, contact the Provincial Network Operations Center (PNOC) at 1-888-530-5077.

The dialing plan for the 403 and 780 NPAs will be as follows:

- All home NPA (HNPA) local calls may be dialed on a 7-digit basis, i.e., NXX-XXXX (7 digits), or on a 10-digit basis without a prefix, i.e., HNPA+NXX+XXXX (10 digits), as desired.

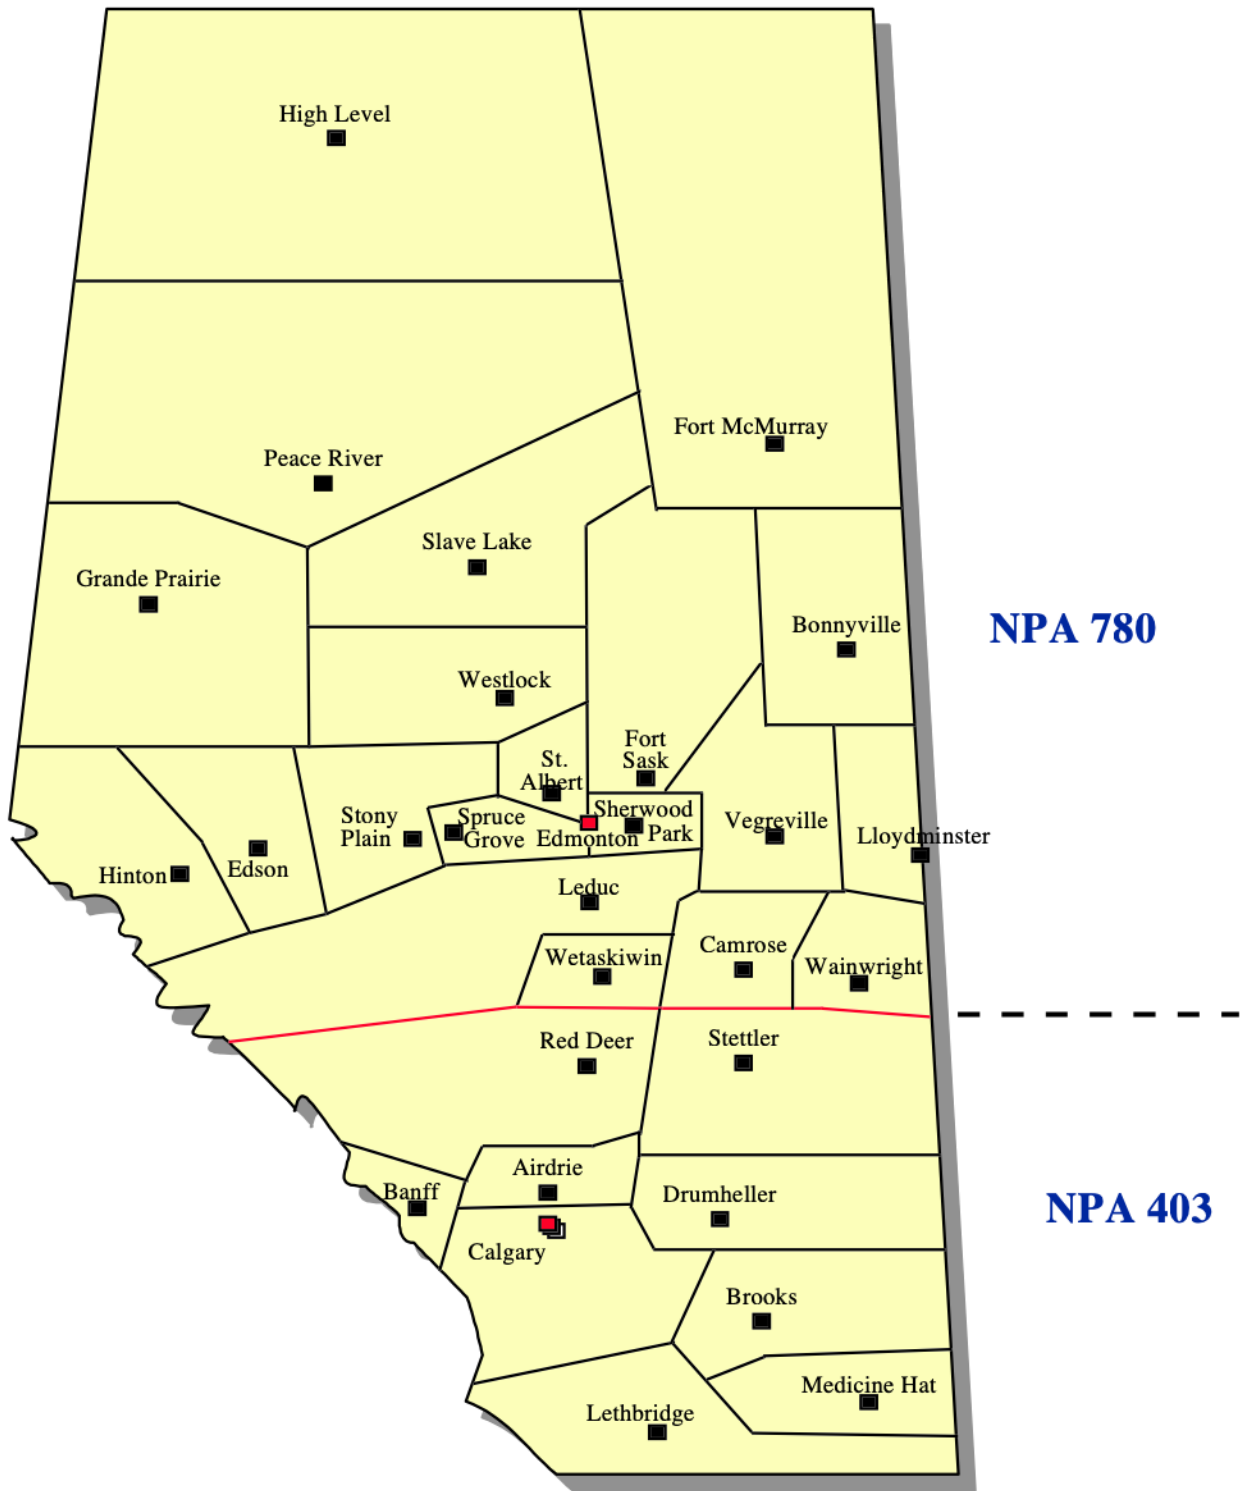

- All HNPA toll calls, i.e., call that generally incur an extra charge, will be dialed with a prefix “1” and 10 digits, i.e., 1+HNPA+NXX+XXXX (1+10 digits).
- All foreign NPA (FNPA) local calls may be *dialed on a 7-digit basis, i.e., NXX-XXXX (7 digits)*, or on a 10-digit basis without a prefix, i.e., HNPA+NXX+XXXX (10 digits), as desired.
- All foreign NPA (FNPA) toll calls will be dialed with a prefix “1” and 10 digits, i.e., 1+FNPA+NXX+XXXX (1+10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a “0” prefix and 10 digits, i.e., 0+NPA+NXX+XXXX (0+10 digits).

General questions regarding the split of 403 and 780 NPAs may be directed to the Project Manager, Wayne Fuchs, TELUS Communication Inc., at 403-945-8678. All CO Code Administration and all Technical questions should be directed to the NPA Relief Coordinator, C. (Bert) Alexis, TELUS Communication Inc., at 403-493-5831.

**A final revised/updated list of NXXs for NPA 403/780 is attached. Please note that this list is frozen effective November 25, 1998, until the start of permissive dialing on January 25, 1999.**

Questions concerning the contents of this letter may be referred to Rose Breidenbaugh, on 202 756-5779.
