

NORTH AMERICAN NUMBERING PLAN PLANNING LETTER

Number: PL-NANP-153
Date: February 1, 1999
From: R.C. Breidenbaugh – NANP Administration
202-756-5779; rose.breidenbaugh@nanpa.com
Subject: NANP-Split of the 602 (Arizona) Numbering Plan Area (NPA) and the Addition of the 480 and 623 NPA's

U S WEST has notified Lockheed Martin IMS of the **602 Numbering Plan Area (NPA)** Relief Plan in the Phoenix Metropolitan area of Arizona. The area code has also been declared to be in Jeopardy status by the North American Numbering Plan Administrator - Lockheed Martin, which is the subject of a separate Planning Letter, PL-NANP-152.

The new 480 and 623 NPA's will be introduced via double area code split of the 602 NPA on March 1, 1999. A six month local only permissive dialing period will commence on March 1, 1999 to allow customers sufficient time to make necessary telephone equipment modifications for the new dialing plan discussed below. During the permissive period, customers placing local calls within the 602 NPA will be able to optionally dial seven digits as is done today or to dial ten digit local calls to any location using the new NPA's or 602. There is no toll (long-distance) calling within the confines of the existing 602 NPA, and calls within and between the 602 and 480/623 area codes will continue to be local only. Permissive dialing will end on September 1, 1999.

The 602 NPA will continue to serve customers in the core area of the City of Phoenix. All wireless codes assigned prior to November 1, 1999 will also remain in the 602 NPA regardless of their switching location. The 480 NPA will serve customers in the eastern portion of the existing 602 NPA and 623 will serve customers in the western portion. The table on page 2 summarizes the dialing plan changes associated with this relief project.

DIALING REQUIREMENTS

	<u>Prior to 3/1/99</u>	<u>3/1/99 to 9/1/99</u>	<u>After 9/1/99</u>
Local (non-toll) calls:			
Same NPA	NXX-XXXX	NXX-XXXX or NPA-NXX-XXXX	NXX-XXXX or NPA-NXX-XXXX
Different NPA	N/A	NXX-XXXX or NPA-NXX-XXXX	NPA-NXX-XXXX

Toll (long distance) within 602/480/623 serving area	Not applicable	Not applicable	Not applicable
Toll to locations outside of 602/480/623	1-NPA-NXX-XXXX	No change	No change
All Operator assisted calls	0-NPA-NXX-XXXX, 0, or 00	No Change	No change

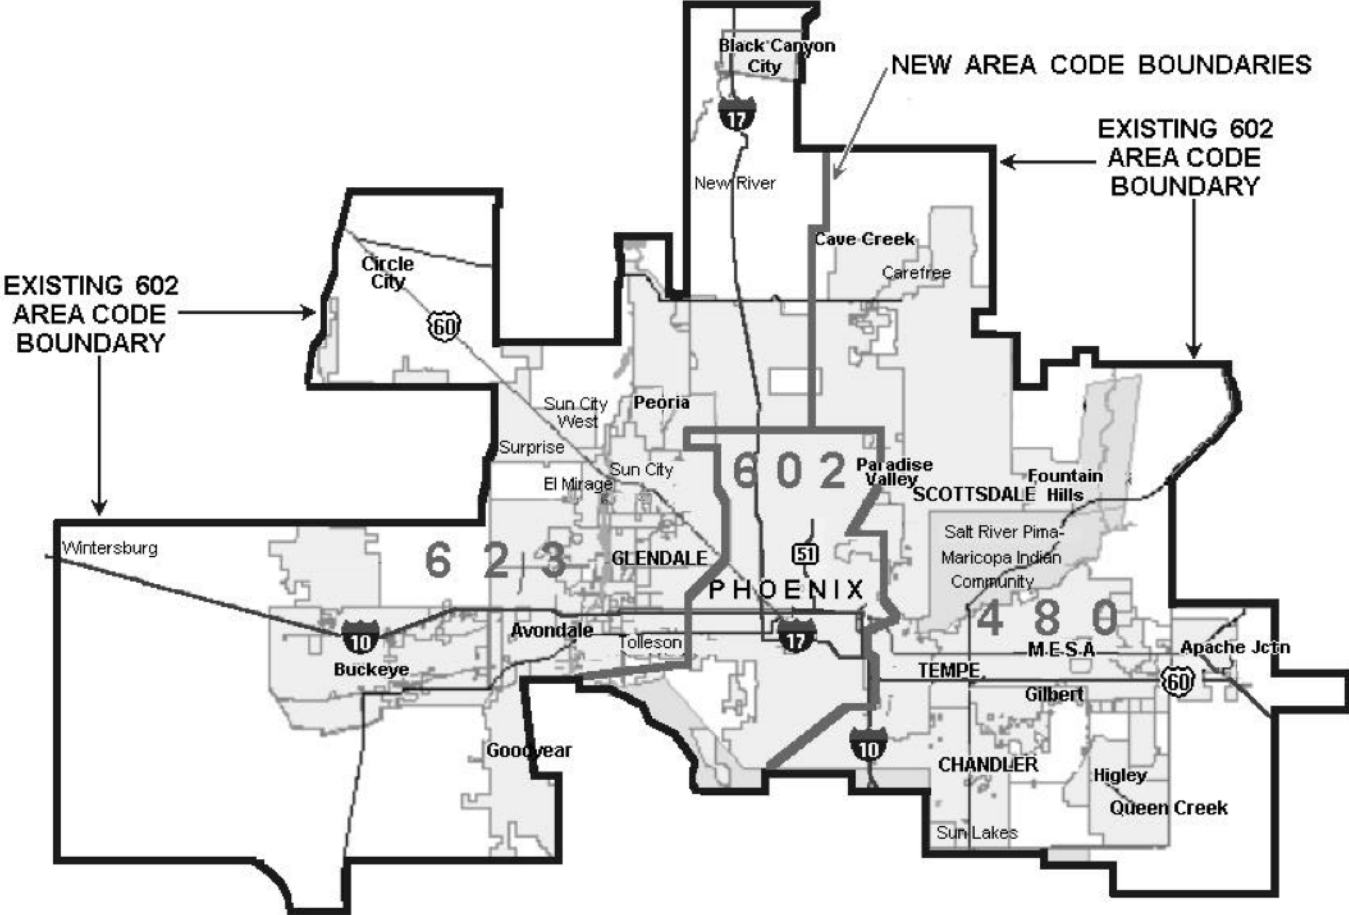

All international and domestic carriers are asked to ensure that the new 480 and 623 NPAs have been activated throughout their networks prior to September 1, 1999. Test calls to verify routing to the existing 602 NPA can be made by dialing 602-241-0000. Two additional test numbers will be established for the new 480 and 623 NPAs. The first, 480-731-3007 will be available on March 1, 1999 for purposes of testing ten-digit local dialing capabilities. A second number, 623-566-6112 will also become available on March 1, 1999 to enable testing to the new 623 NPA.

Questions concerning the area code relief or the Jeopardy situation may be directed to Jack Ott, Area Code Relief Planner, at 303-707-7005.

Questions concerning the contents of this letter may be directed to Rose Breidenbaugh at 202-756-5779.

R.C. Breidenbaugh
North American Numbering Plan Administration
