

NORTH AMERICAN NUMBERING PLAN PLANNING LETTER

Number: PL-NANP-180

Date: July 19, 1999

From: R.C. Breidenbaugh –NANP Administration
202-756-5779, rose.breidenbaugh@nanpa.com

Subject: REVISED: Geographic Split of 941 (Florida) Numbering Plan Area (NPA); addition of 863 NPA

As a result of substantial number growth in Florida, the 941 NPA is nearing exhaust. The relief plan, approved by the Florida Public Service Commission, calls for a geographic split of the 941 NPA and the simultaneous introduction of a new NPA, 863. The 941 NPA will continue to serve customers in the southwestern portion of the existing 941 NPA. The 863 NPA will serve the northeastern portion of the existing 941 NPA, as shown on the attached map. After the split, exhaust of the 941 and 863 NPAs is expected to occur in approximately 3 and 9 years, respectively, based on current demand projections.

Also attached are lists of current 941 NPA central office codes (NXXs) that will remain in the 941 NPA and that will move to the 863 NPA. The lists are correct as of August 1999. Since NXX information may change over time, consult either the *Local Exchange Routing Guide* (LERG) or the *NPA NXX Activity Guide* (NNAG) for updated information. The LERG and NNAG are available from Telcordia's Traffic Routing Administration, 732-699-6700.

The split of the 941 NPA will occur at 2:00 a.m. Eastern Daylight Time on Monday, September 20, 1999. An eight-month permissive dialing period will begin simultaneously with the split, & end at 2:00 a.m. Eastern Standard Time on Monday, May 22, 2000. During the permissive dialing period either the 941 or the 863 NPA code will be acceptable in a dialed number terminating in the 863 NPA. Automatic Number Identification (ANI) Conversion will take place during the permissive dialing period on an office by office basis. It is essential that all service providers comply with the permissive dialing patterns as indicated in the LERG. This action will be necessary throughout the permissive dialing period to prevent call failures and customer dissatisfaction. After the permissive period, all calls dialed with the incorrect NPA code will be routed to an informational announcement. Activation of NXXs in the new area code will begin on July 1, 2000.

After the beginning of mandatory dialing on May 22, 2000, the dialing plan for the 941 and 863 NPAs is as follows:

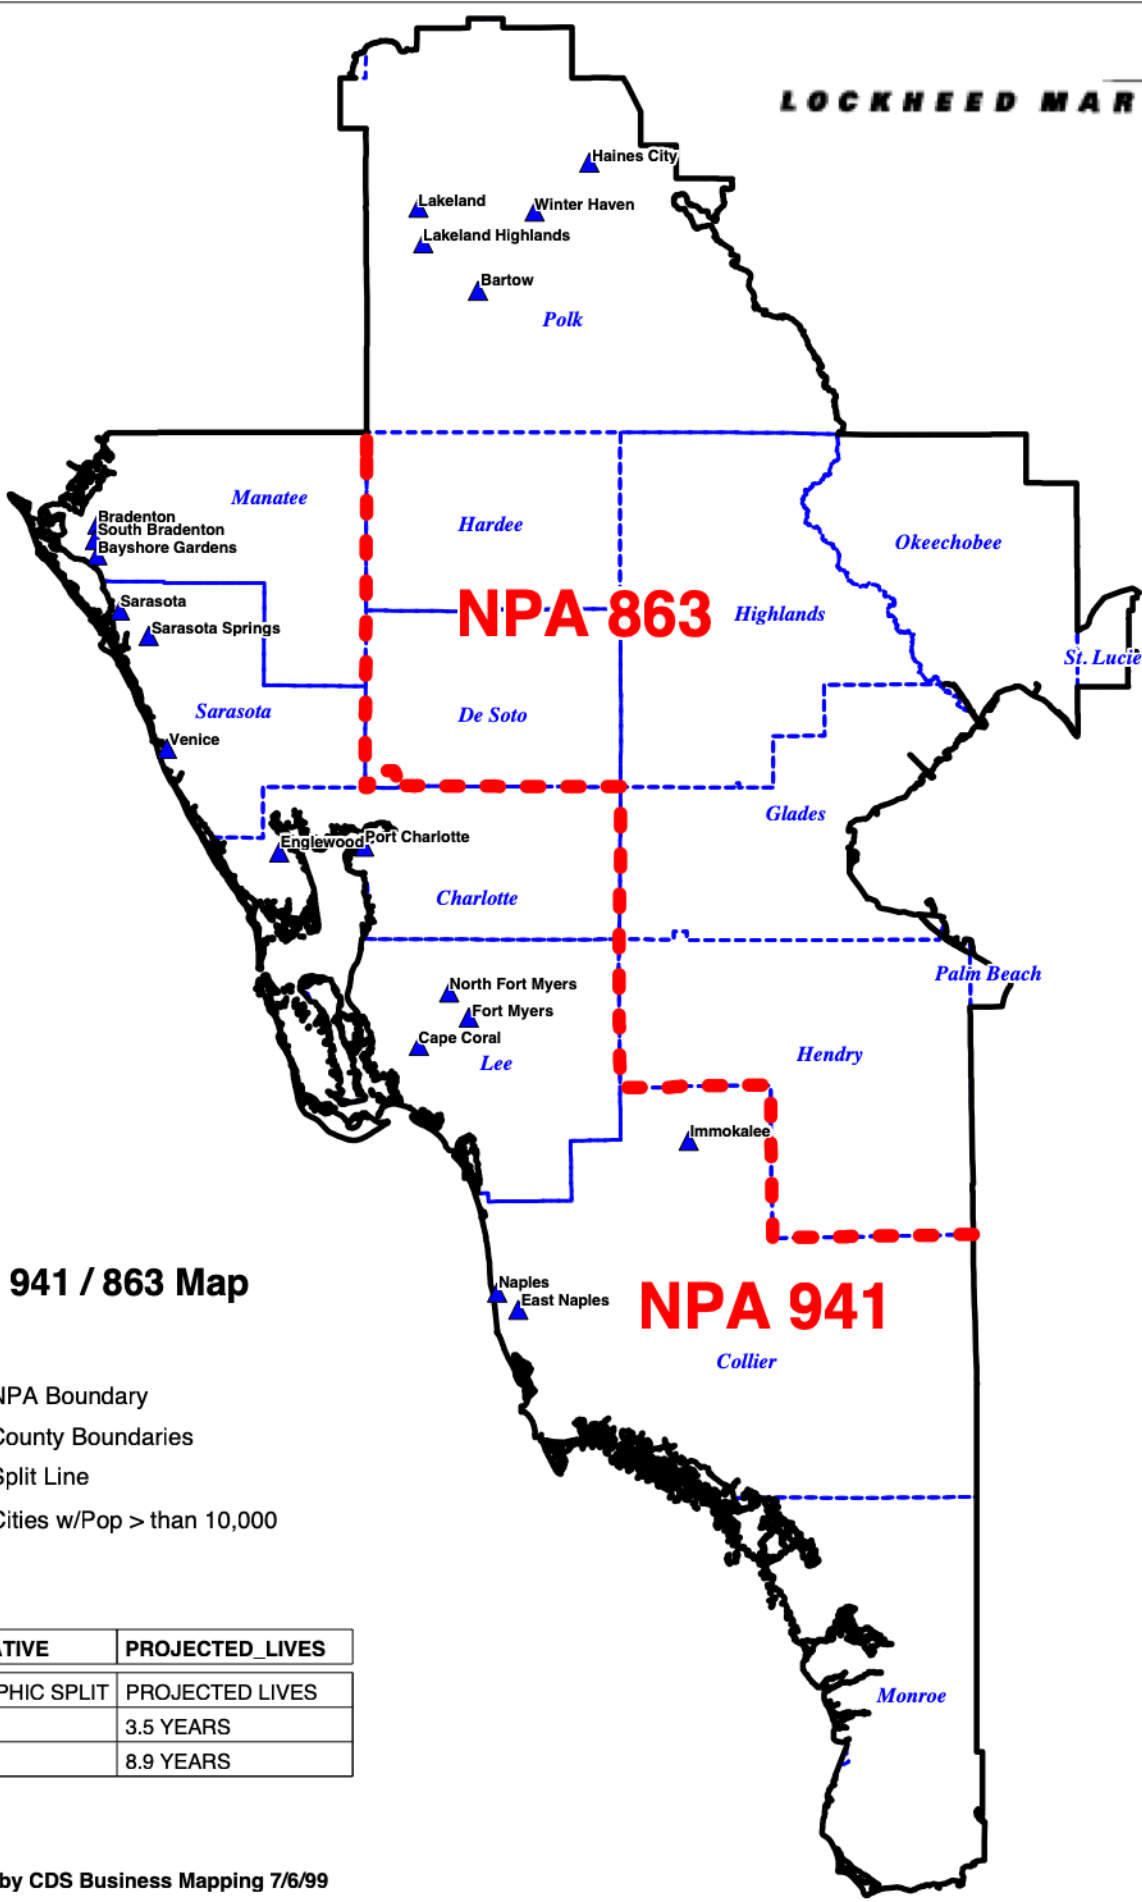

- All home NPA (HNPA) calls will be dialed either on a 7-digit basis with no prefix -- i.e. NXX+XXXX (7 digits), or with a prefix "1" and 10 digits (1 + NPA + NXX + XXXX)
- All foreign (FNPA) calls terminating in NPAs other than 941 and 863 will be dialed either on a 10-digit basis with no prefix, i.e., FNPA+NXX+XXXX, or with a prefix "1" and 10 digits -- i.e., 1+FNPA+NXX+XXXX (1 + 10 digits)
- All calls between 941 and 863 will be dialed either on a 10-digit basis, i.e., FNPA+NXX+XXXX (10 digits) or on a 1 + 10-digit basis, 1+FNPA+NXX+XXXX (11 digits), except in cases where protected codes allow dialing on a 7-digit basis.
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits -- i.e., 0+NPA+NXX+XXXX (0 + 10 digits)

All international and domestic carriers should ensure that the new 863 NPA can be translated throughout their networks no later than September 20, 1999. Sprint volunteered to provide the number 863-201-9102 for test purposes. From August 15, 1999, until March 22, 2000, test calls to verify routing to the 863 NPA can be made by dialing 863-201-9102. A recorded announcement will indicate successful completion of the call.

Questions concerning the relief of the 941 NPA should be directed to Wayne Milby, Senior Relief Planner on 804-795-5919.

Questions concerning the contents of this letter may be referred to Rose Breidenbaugh, on 202 756-5779.

R. C. Breidenbaugh
