

## NORTH AMERICAN NUMBERING PLAN PLANNING LETTER

Number: PL-NANP-184

Date: July 22, 1999

From: R.C. Breidenbaugh –NANP Administration  
202-756-5779, rose.breidenbaugh@nanpa.com

Subject: Geographic Split of 516 (New York) Numbering Plan Area (NPA); addition of 631 NPA

---

As a result of substantial number growth in New York, the 516 NPA is nearing exhaust. The relief plan, approved by the New York Public Service Commission, calls for a geographic split of the 516 NPA and the simultaneous introduction of a new NPA, 631. The 516 NPA will continue to serve customers in the Nassau County, and the new 631 NPA will serve customers in Suffolk County. The attached map delineates the area code boundaries as described. After the split, exhaust of both the 516 and 631 NPAs is expected to occur in approximately 7 years, based on current demand projections.

Also attached are lists of current 516 NPA central office codes (NXXs) that will remain in the 516 NPA and that will move to the 631 NPA. The lists are correct as of July 1, 1999. Since NXX information may change over time, consult either the *Local Exchange Routing Guide* (LERG) or the *NPA NXX Activity Guide* (NNAG) for updated information. The LERG and NNAG are available from Telcordia's Traffic Routing Administration, 732-699-6700. NOTE: NXXs 810, 909, & 983 remain in NPA 516.

The split of the 516 NPA will occur at 12:01 a.m. Eastern Daylight Time on Monday, November 1, 1999. A five-month permissive dialing period will begin simultaneously with the split and end at 12:01 a.m. Eastern Standard Time on Monday, April 1, 2000. During the permissive dialing period either the 516 or the 631 NPA code will be acceptable in a dialed number terminating in the 631 NPA. Automatic Number Identification (ANI) Conversion will take place during the permissive dialing period on an office by office basis. It is essential that all service providers comply with the permissive dialing patterns as indicated in the LERG. This action will be necessary throughout the permissive dialing period to prevent call failures and customer dissatisfaction. After the permissive period, all calls dialed with the incorrect NPA code will be routed to an informational announcement. Activation of NXXs in the new area code will begin on May 8, 2000.

**Special considerations:** The geographic split ordered by the NY Department of Public Service runs along the **county boundary** dividing Nassau and Suffolk counties. Because this line does not follow

traditional rate center boundaries three rate centers (Cold Spring Harbor, Farmingdale and Amityville) have been bisected. Consequently, the existing NXXs in the 516 NPA that are currently assigned to service providers have been duplicated by NANPA CO Code Administration in the new 631 NPA to the those same service providers. Additionally, this information has been forwarded to Telcordia TRA for input to the LERG.

After the beginning of mandatory dialing on April 1, 2000, the dialing plan for the 516 and 631 NPAs is as follows:

- All home NPA (HNPA) calls will be dialed either on a 7-digit basis with no prefix -- i.e. NXX+XXXXX (7 digits), or with a prefix "1" and 10 digits (1 + NPA + NXX + XXXX)
- All foreign (FNPA) calls terminating in NPAs other than 516 and 631 will be dialed with a prefix "1" and 10 digits -- i.e., 1+FNPA+NXX+XXXXX (1 + 10 digits)
- All calls between 516 and 631 will be dialed either on a 1 + 10-digit basis, 1+FNPA+NXX+XXXXX (11 digits)
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits -- i.e., 0+NPA+NXX+XXXXX (0 + 10 digits)

All international and domestic carriers should ensure that the new 631 NPA can be translated throughout their networks no later than November 1, 1999. Bell Atlantic volunteered to provide the number 631-357-8378 for test purposes. From October 1, 1999, until June 1, 2000, test calls to verify routing to the 631 NPA can be made by dialing this number. A recorded announcement will indicate successful completion of the call.

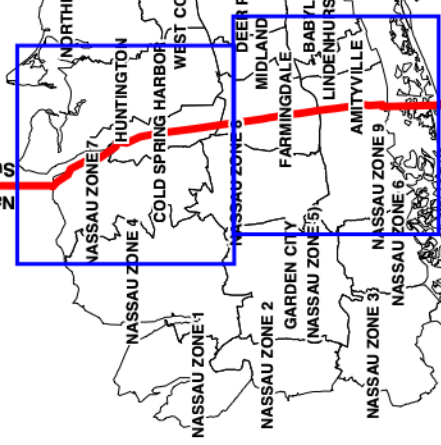

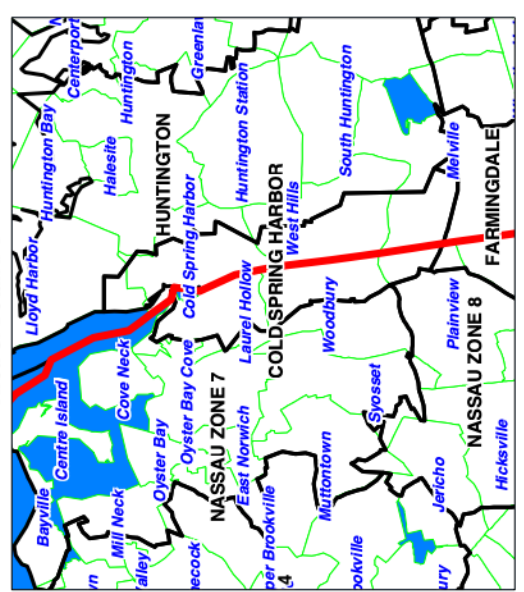

General questions concerning the relief of the 516 NPA may be directed to Wayne Milby, Lockheed Martin IMS -- NPA Relief Planning -- Eastern Region, on 804-795-5919. Questions of a technical nature should be directed to the NPA project coordinator of each respective service provider.

Questions concerning the contents of this letter may be referred to Rose Breidenbaugh, on 202 756-5779.
