

Number: PL-201
Date: December 6, 1999
From: North American Numbering Plan Administration (NANPA)
Subject: 409 NPA Split, Creating 936 and 979 NPAs – Texas

The Public Utility Commission of Texas (PUCT) has approved a three-way geographic split of the 409 NPA. North American Numbering Plan Administration (NANPA) has assigned the 936 and 979 NPA codes for this purpose.

The cities of Beaumont, Bridge City, Galveston, Groves, Hitchcock, Jasper, La Marque, Nederland, Orange, Port Arthur, Port Neches, Santa Fe, Silsbee, Texas City and Vidor will retain the 409 NPA. The 936 NPA will serve the cities of Center, Conroe, Crockett, DiBoll, Huntsville, Liberty, Lufkin, Nacogdoches and Navasota. The 979 NPA will serve the cities of Angleton, Bay City, Brenham, Bryan, Clute, College Station, El Campo, Freeport, Hearne, Lake Jackson, and Wharton.

The split of the 409 NPA and the beginning of a permissive dialing period will take place at 12:01 AM Central Time on February 19, 2000. The permissive dialing period will end at 12:01 AM Central Time on August 5, 2000. During the permissive dialing period, either the 409 or the 936 NPA code will be acceptable in a dialed number terminating in the new 936 NPA. Similarly, either the 409 or the 979 NPA code will be acceptable during the permissive period in a dialed number in the new 979 NPA code. After the end of permissive dialing period, all calls dialed with incorrect NPA codes, as defined in the NPA split information published in the Local Exchange Routing Guide (LERG) will be routed to intercept.

Attached to this letter are current listings of assigned central office codes (NXXs) and rate centers that will be associated with the 409, 936 and 979 NPAs after the split. The attached NXX list may change over time and updated information may be found either in the LERG or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by contract license from Telcordia's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA hotline at 732-699-6700.

Maps illustrating the split boundaries by rate area and county boundary are attached.

The dialing plan for the 936 and 979 NPAs will be the same as the current dialing plan for the 409 NPA, namely:

- All home NPA local calls may be dialed on either a 7-digit (NXX-XXXX) or 10-digit basis (NPA-NXX-XXXX).
- All local calls terminating outside the home NPA must be dialed on a 10-digit basis (NPA-NXX-XXXX).

- All toll calls terminating inside or outside the home NPA must be dialed with a prefix “1” plus 10-digits (1+NPA-NXX-XXXX).
- All operator-assisted calls, including credit card, collect and third-party calls, must be dialed with a prefix of “0” and 10-digits (0+NPA-NXX-XXXX).

All international and domestic carriers should ensure that the new 936 and 979 NPA codes have been activated throughout their networks prior to February 19, 2000. Test numbers to verify routing to the new NPAs are 936-438-8378 and 979-270-0001. These test numbers will be activated on January 19, 2000.

General questions concerning the geographic split may be directed to Ben Childers, NANPA NPA Relief Planning-Central Region at 573-442-7721. Questions of a technical nature should be directed to the particular service provider NPA project coordinator for that NPA area.

Ron Conners
NANPA

**CITIES AFFECTED BY THE 409 SPLIT
AND THEIR NEW AREA CODES**

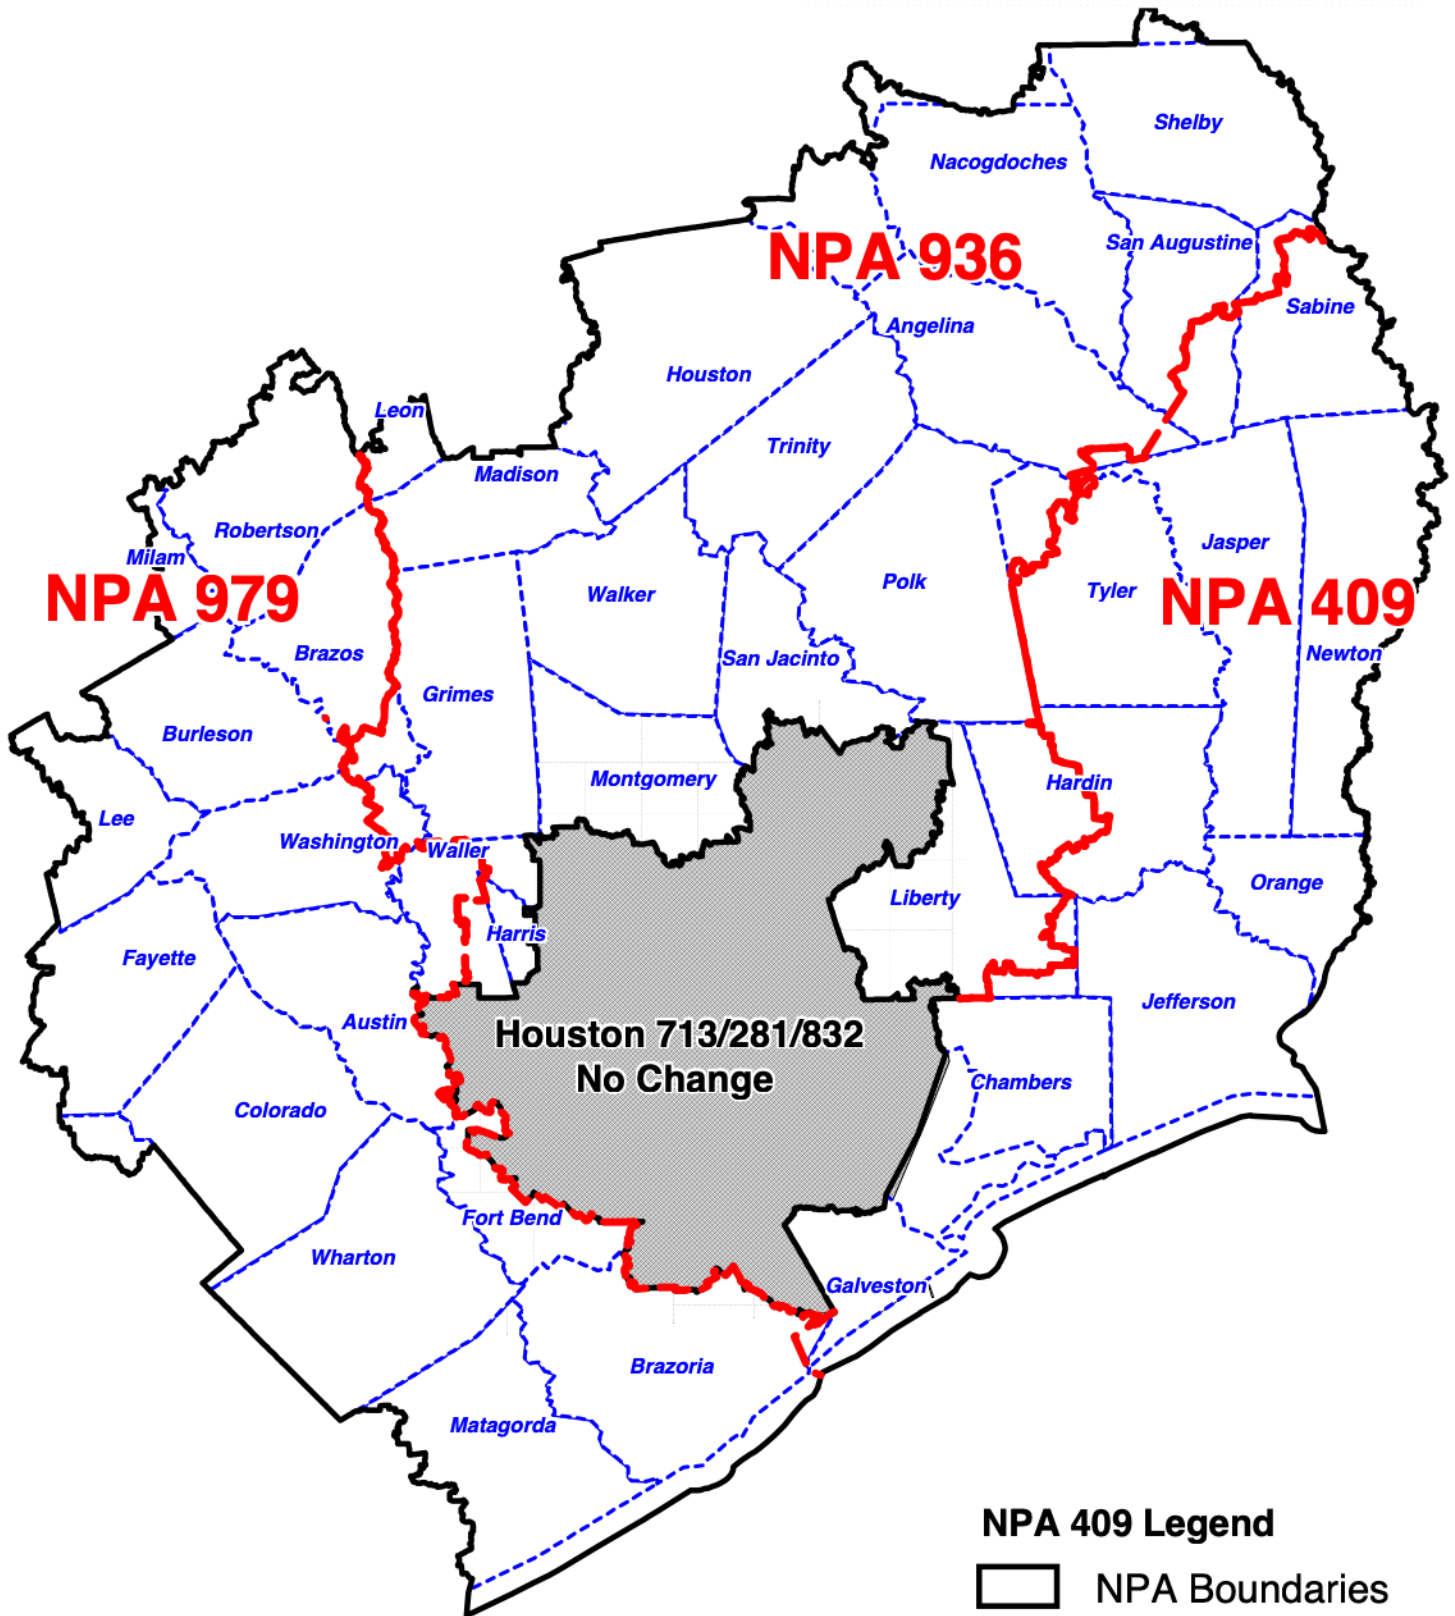

Bryan	979
College Station	979
Lake Jackson	979
