

Number: PL-242

Date: October 20, 2000 (Revised November 13, 2000)

From: North American Numbering Plan Administration (NANPA)

Subject: 504 NPA Split, Creating 985 NPA (Louisiana)

On June 21, 2000, the Louisiana Public Service Commission approved a geographic split of the 504 NPA. The relief plan calls for the introduction of a new NPA, 985, for the area surrounding the basic New Orleans local calling area. The attached map delineates the NPA boundaries after the split.

Also attached is a listing of the current 504 NPA central office codes (NXXs) that will remain in the 504 NPA and those that will move to the new 985 NPA. This information is current as of October 18, 2000. Since NXX information may change over time, consult the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available by license contract from Telcordia Technologies, Traffic Routing Administration (TRA), at 732-699-6700.

The split of the 504 NPA, and the beginning of the permissive dialing period, will take place at 12:01 AM Central Time on February 12, 2001. The permissive period for wireline carriers will end at 12:01 AM Central Time on October 22, 2001. For wireless carriers, permissive dialing will be extended until October 21, 2002. An asterisk appearing on the attached list of NXXs moving to the new 985 NPA identifies those NXX codes eligible for the wireless extended permissive dialing period. During the permissive period, either the 504 or 985 NPA code will be acceptable in a dialed number terminating in the new 985 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

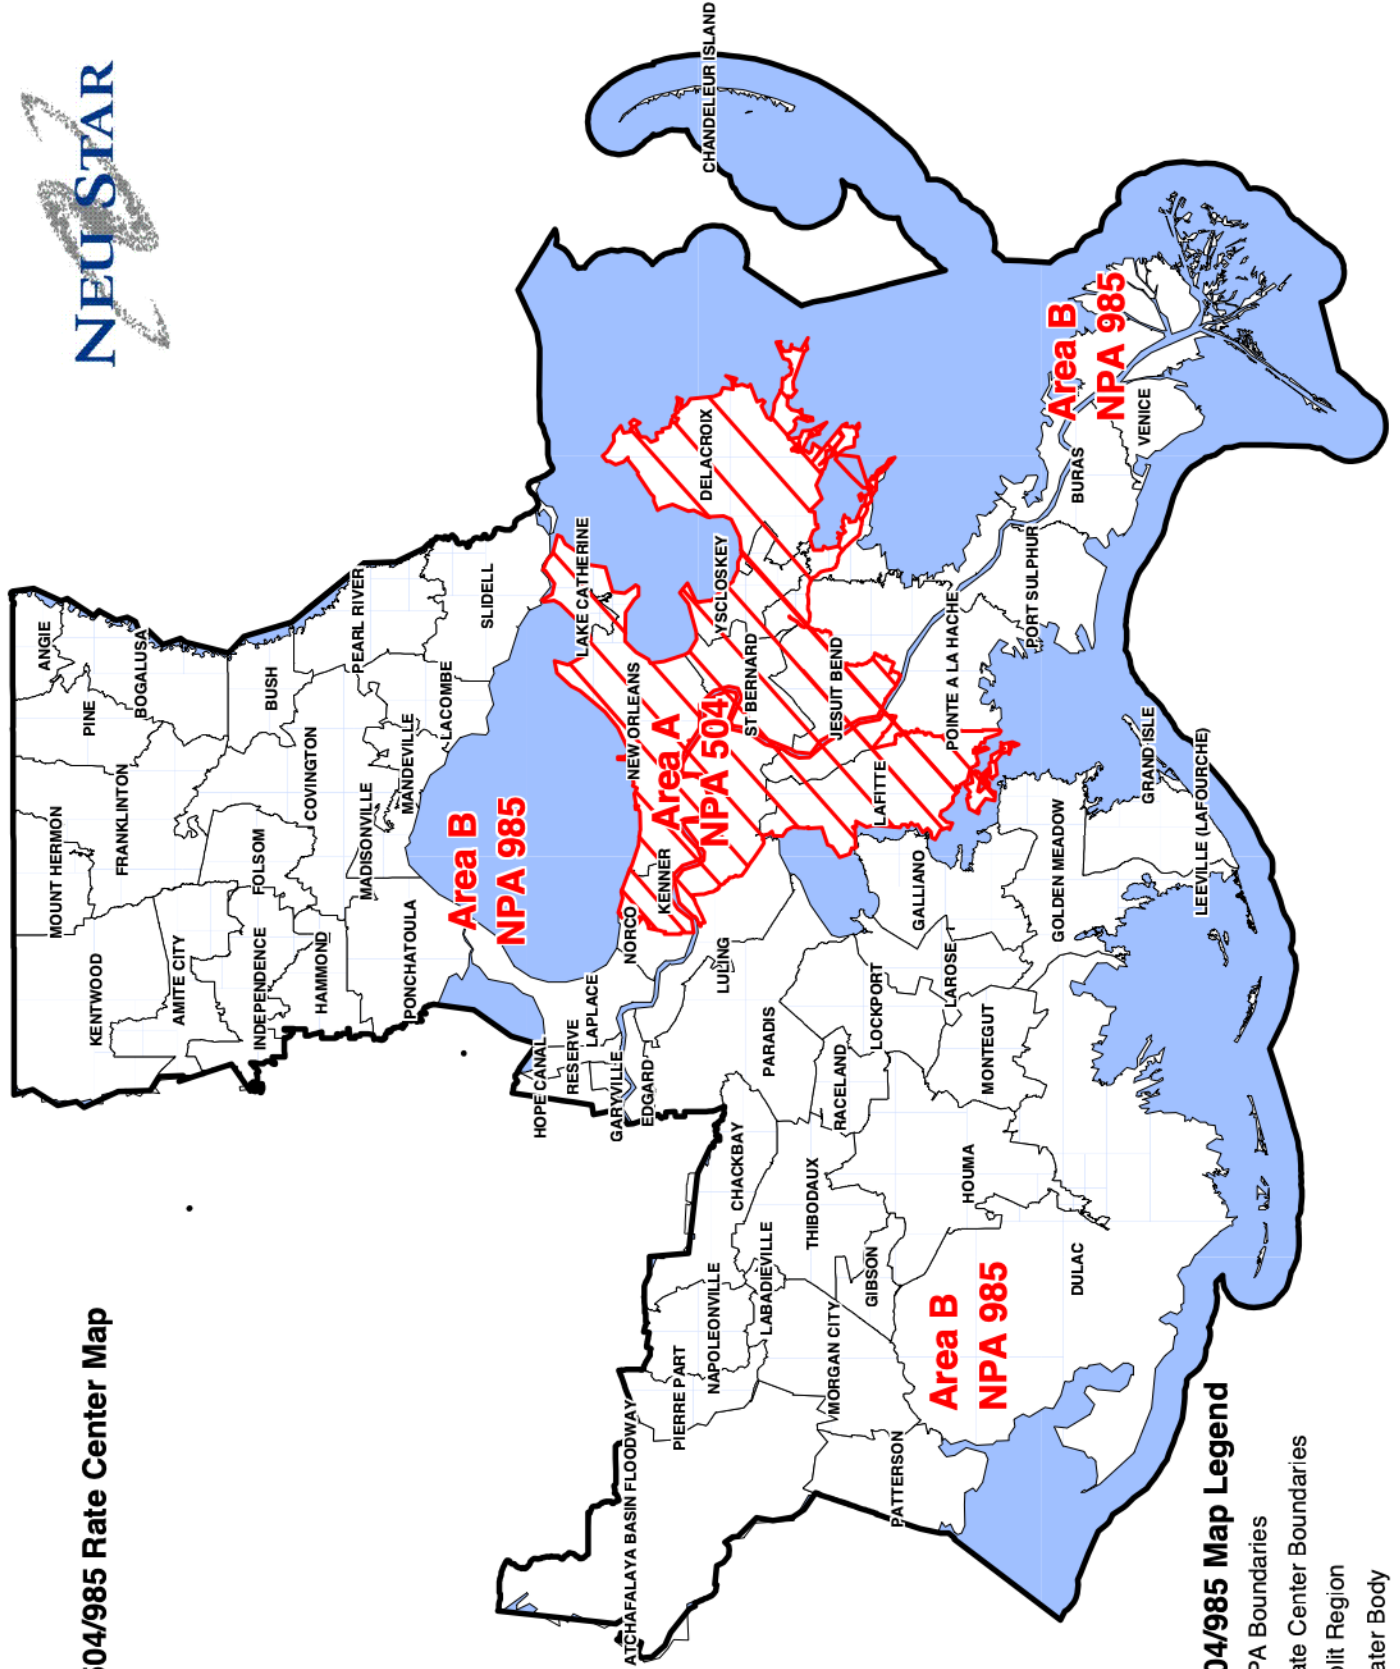

After the beginning of mandatory dialing on October 22, 2001, the dialing plan for the 504 and 985 NPAs will be as follows:

- All local calls terminating in the home NPA will be dialed as 7-digits (NXX+XXXX).
- All local calls, including Local Optional Service (LOS), terminating in a foreign NPA will be dialed as 10-digits without a prefix (NPA+NXX+XXXX).
- All toll calls will require the prefix "1" and ten digits (1+NPA+NXX+XXXX).
- All operator-assisted calls, including credit card, collect, and third party calls, will require the prefix "0" and 10 digits (0+NPA+NXX+XXXX).

All international and domestic carriers should ensure that the new 985 NPA has been activated throughout their networks prior to February 12, 2001. Test calls to verify routing to the 985 NPA can be made by dialing 985-980-TEST (8378). The test number will be in service beginning from January 7, 2001 until October 22, 2001. A recorded announcement will indicate that the test call has been successfully completed.

General questions concerning the relief of the 504 NPA should be directed to Frank Colaco, Senior NPA Relief Planner NANPA, on 973-740-9100. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.
