

Number: PL-244
Date: October 26, 2000
From: North American Numbering Plan Administration (NANPA)
Subject: 517 NPA Split, Creating 989 NPA (Michigan)

On September 15, 2000, the Michigan Public Service Commission approved a two-way geographic split as the relief method for the 517 NPA that serves central Michigan. The relief plan calls for the introduction of a new NPA, 989, for the northern portion of the existing 517 NPA including Bay City, Mount Pleasant, Saginaw, and West Branch. The attached map delineates the NPA boundaries after the split.

Also attached is a listing of the current 517 NPA central office codes (NXXs) that will remain in the 517 NPA and those that will move to the new 989 NPA. This information is current as of October 18, 2000. Since NXX information may change over time, consult the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available by license contract from Telcordia Technologies, Traffic Routing Administration (TRA), at 732-699-6700.

The split of the 517 NPA, and the beginning of the permissive dialing period, will take place at 12:01 AM Eastern Time on January 1, 2001. The permissive period will end at 12:01 AM Eastern Time on July 1, 2001.¹ During the permissive period, either the 517 or 989 NPA code will be acceptable in a dialed number terminating in the new 989 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

After the beginning of mandatory dialing on July 1, 2001, the dialing plan for the 517 and 989 NPAs will be as follows:

- All local calls terminating in the home NPA will be dialed as 7-digits (NXX+XXXX).
- All local calls terminating in a foreign NPA will be dialed as 10-digits (NPA+NXX+XXXX) or 11-digits (1+NPA+NXX+XXXX), as appropriate.
- All toll calls will require the prefix "1" and ten digits (1+NPA+NXX+XXXX).
- All operator-assisted calls, including credit card, collect, and third party calls, will require the prefix "0" and 10 digits (0+NPA+NXX+XXXX)

¹ A Motion For Rehearing of the permissive and mandatory dialing dates is pending before the Michigan Public Service Commission. If these dates are changed, a new planning letter will be issued with the appropriate dates.

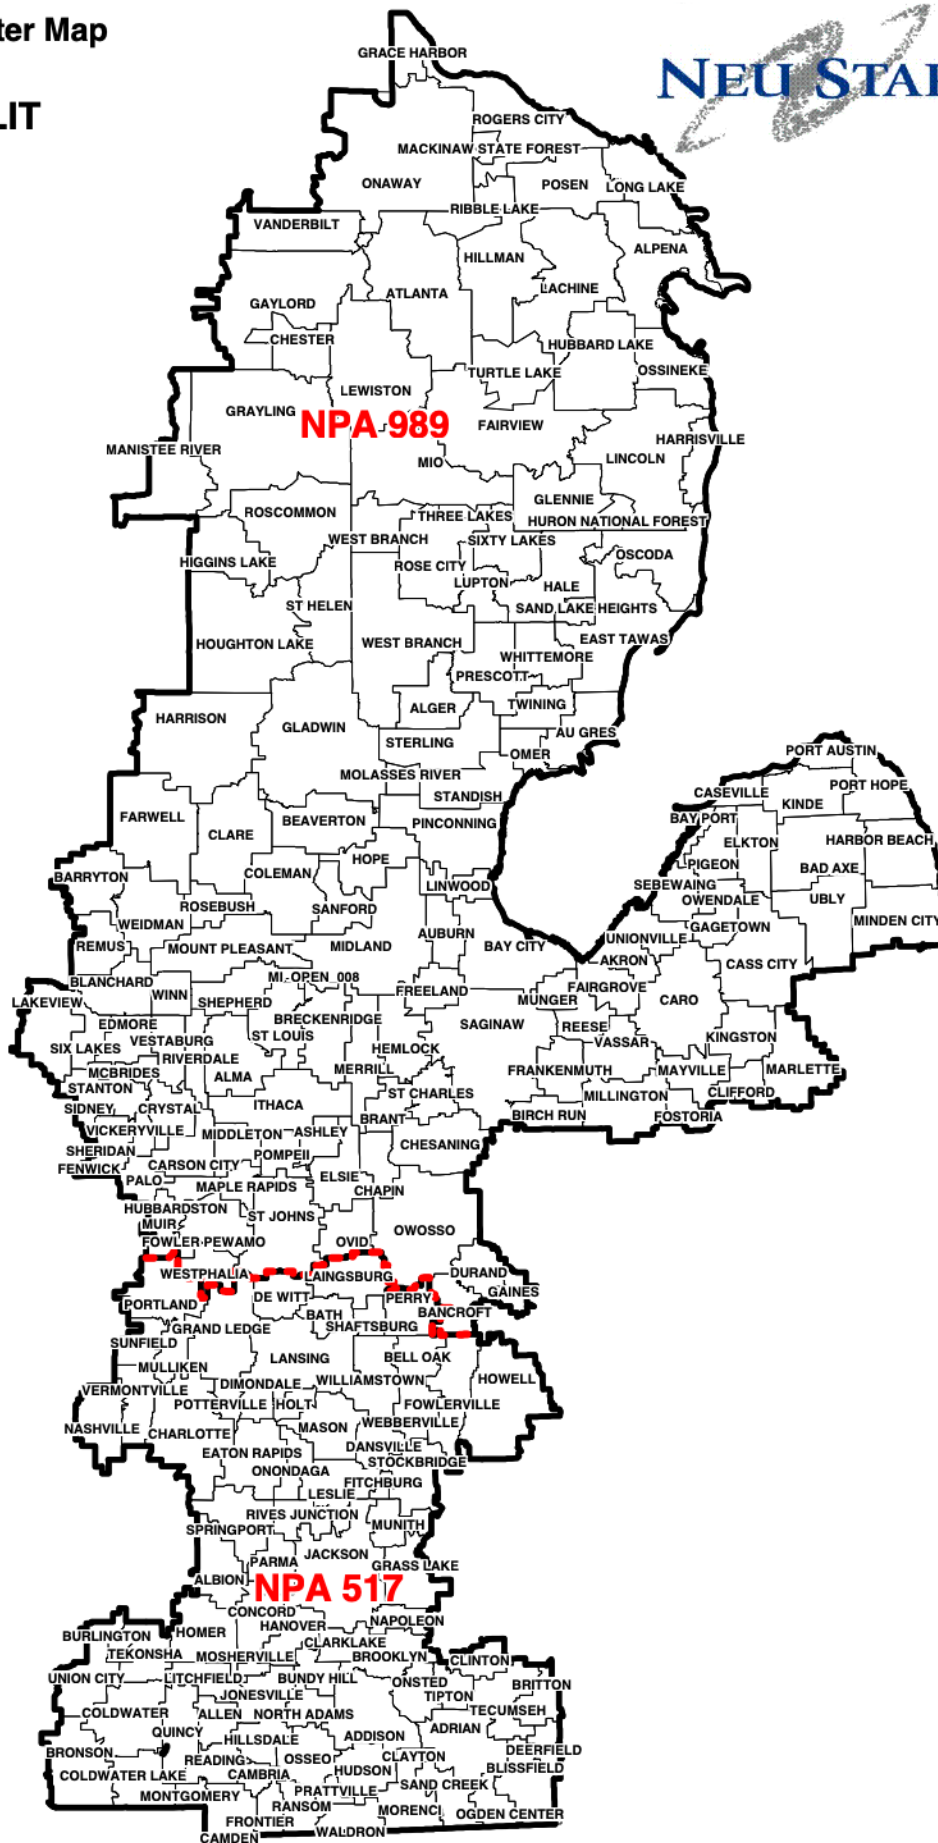

All international and domestic carriers should ensure that the new 989 NPA has been activated throughout their networks prior to January 1, 2001. Test calls to verify routing to the 989 NPA can be made by dialing 989-754-2078. The test number will be in service beginning from December 1, 2000 until July 1, 2001. A recorded announcement will indicate that the test call has been successfully completed.

General questions concerning the relief of the 517 NPA should be directed to Frank Colaco, NANPA Senior NPA Relief Planner, on 973-740-9100. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.
