

Number: PL-247  
Date: October 30, 2000  
From: North American Numbering Plan Administration (NANPA)  
Subject: 901 NPA Split, Creating 731 NPA (Tennessee)

---

On August 15, 2000, the Tennessee Regulatory Authority approved a two-way geographic split as the relief method for the 901 NPA that serves Tennessee. The relief plan calls for the 901 NPA to be retained by Fayette, Shelby and Tipton counties while introducing a new NPA, 731, for the remainder of the current NPA area. The attached map delineates the NPA boundaries after the split.

Also attached is a listing of the current 901 NPA central office codes (NXXs) that will remain in the 901 NPA and those that will move to the new 731 NPA. This information is current as of October 18, 2000. Since NXX information may change over time, consult the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available by license contract from Telcordia Technologies, Traffic Routing Administration (TRA), at 732-699-6700.

The split of the 901 NPA, and the beginning of the permissive dialing period, will take place at 12:01 AM Central Time on February 12, 2001. The permissive period will end at 12:01 AM Central Time on September 17, 2001. During the permissive period, either the 901 or 731 NPA code will be acceptable in a dialed number terminating in the new 731 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

After the beginning of mandatory dialing on September 17, 2001, the dialing plan for the 901 and 731 NPAs will be as follows:

- All local calls terminating in the home NPA will be dialed as 7-digits (NXX+XXXX), 10-digits (NPA+NXX+XXXX), or 11-digits (1+NPA+NXX+XXXX), as appropriate.
- All local calls, including interstate dialing plans, terminating in a foreign NPA will be dialed as 10-digits (NPA+NXX+XXXX) without a prefix.
- All toll calls will require the prefix "1" and ten digits (1+NPA+NXX+XXXX).
- All operator-assisted calls, including credit card, collect, and third party calls, will require the prefix "0" and 10 digits (0+NPA+NXX+XXXX)

All international and domestic carriers should ensure that the new 731 NPA has been activated throughout their networks prior to February 12, 2001. Test calls to verify routing to the 731 NPA can be made by dialing 731-422-0991. The test number will be in service beginning from January 7, 2001 until October 22, 2001. A recorded announcement will indicate that the test call has been successfully completed.

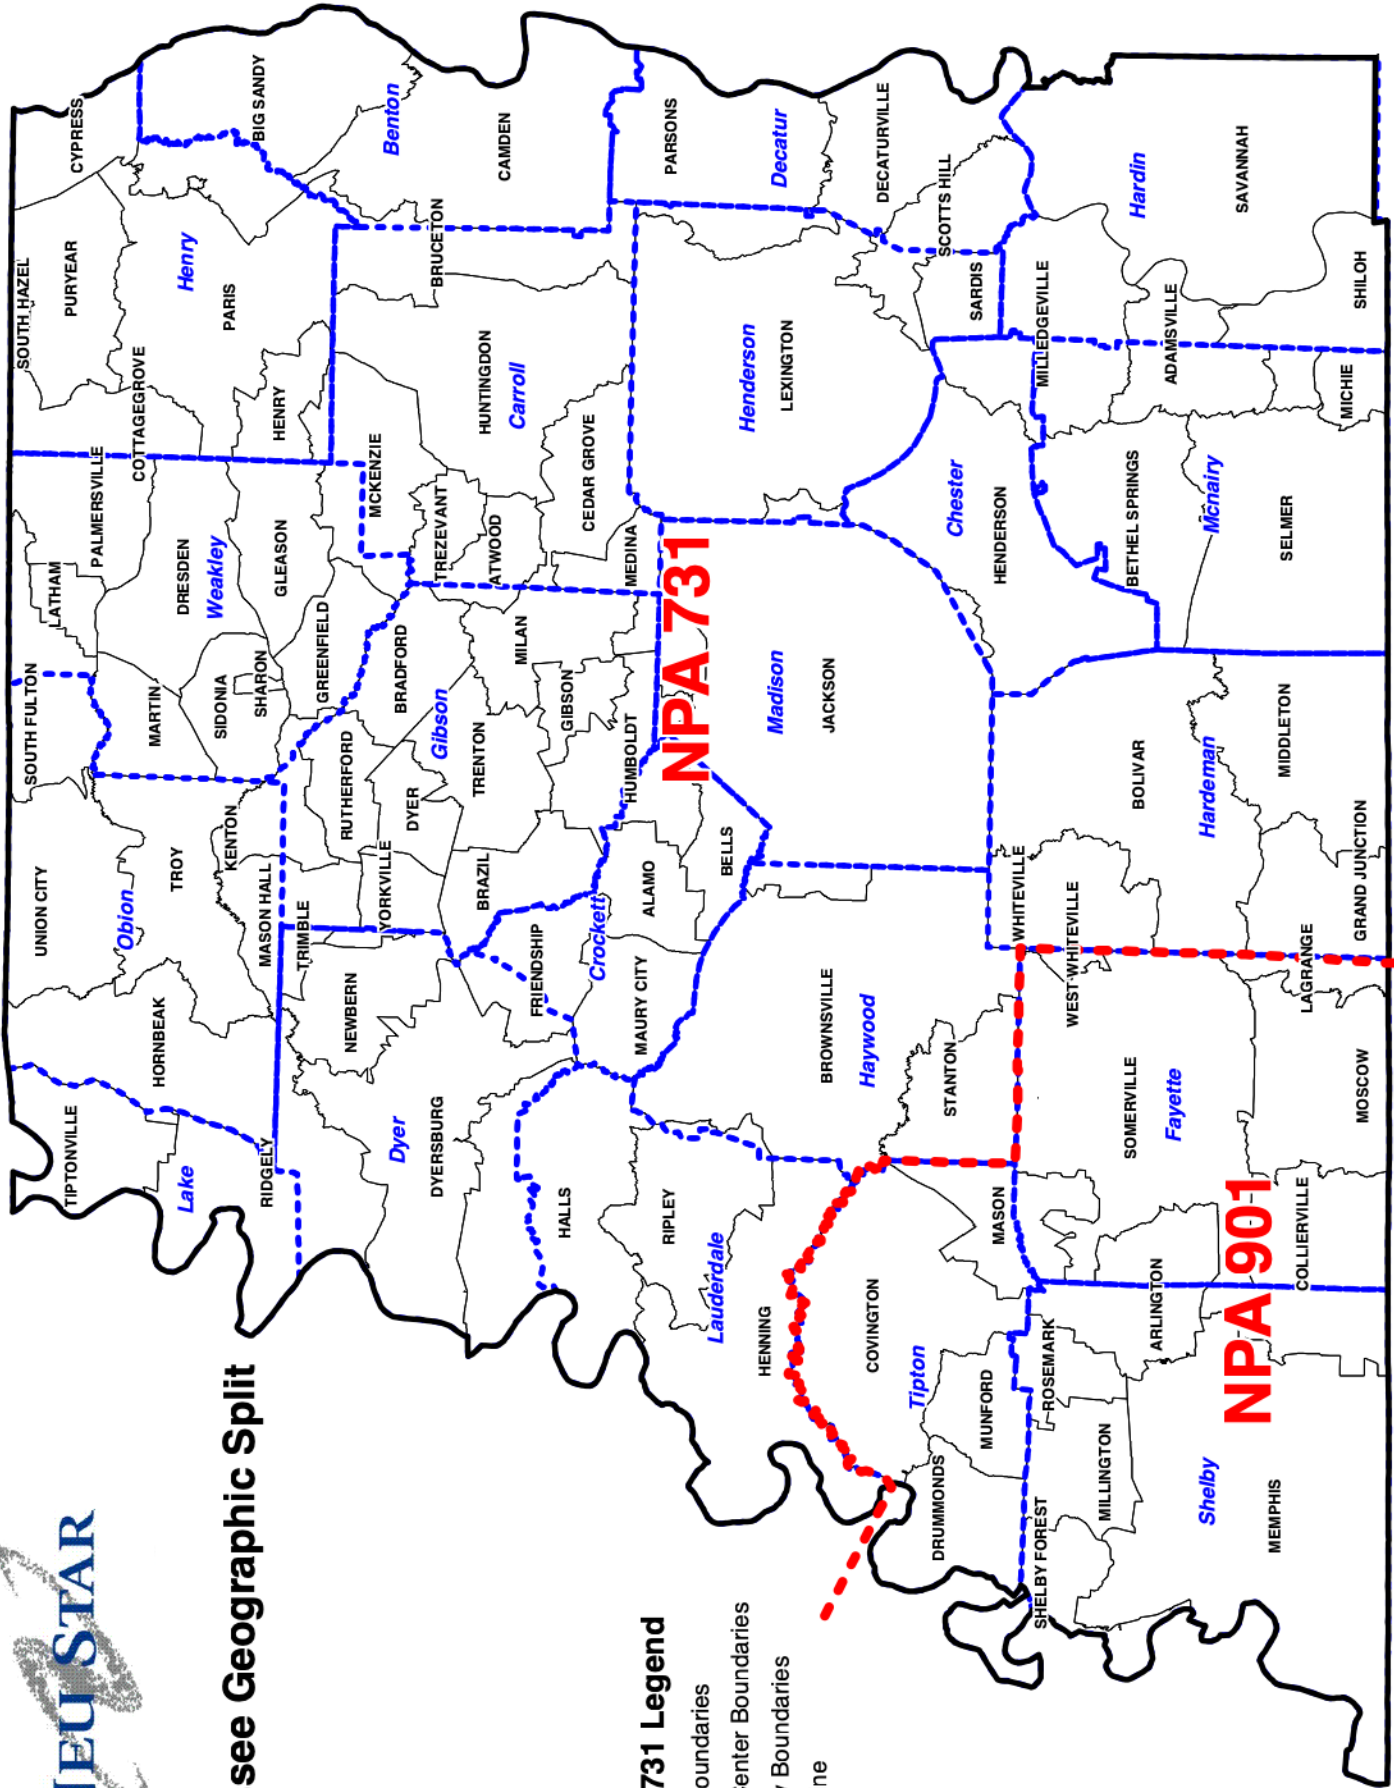

General questions concerning the relief of the 901 NPA should be directed to Frank Colaco, Senior NPA Relief Planner NANPA, on 973-740-9100. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.
