

Number: PL-263  
Date: February 27, 2001  
From: North American Numbering Plan Administration (NANPA)  
Subject: Country Code 670 Assigned to East Timor

---

The International Telecommunications Union Telecommunications Standardization Bureau (ITU-TSB) has asked that we remind North American carriers that country code 670 has been assigned to East Timor, and that calls so dialed should be routed to East Timor.

Prior to July, 1997, country code 670 was assigned to the Commonwealth of the Northern Mariana Islands, which is now a participant in the North American Numbering Plan.
