

Number: PL - 265
Date: March 1, 2001
From: North American Numbering Plan Administration (NANPA)
Subject: 810 NPA Split, Creating 586 NPA (Michigan)

On December 11, 2000, the Michigan Public Service Commission ("Commission") approved a geographic split of the 810 NPA (Case No. U-12588). NANPA has assigned 586 as the new NPA that will serve the 11 rate centers that approximate Macomb County. Among the communities that will be served by the new NPA are Mt. Clemens, Roseville, Warren and Utica. The attached map delineates the NPA boundaries after the split.

Also attached is a listing of the current 810 NPA central office codes (NXXs) that will remain in the 810 NPA and those that will move to the new 586 NPA. The Commission's order allowed for the permanent grandfathering of wireless NXX codes residing in rate centers moving to the new 586 NPA. An asterisk appearing in the NXX field on the attached list of NXXs indicates those NXX codes that have been designated as being permanently grandfathered. This information is current as of February, 2001. Since NXX information may change over time, consult the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available from Telcordia Technologies, Traffic Routing Administration (TRA), at 732-699-6700.

The split of the 810 NPA, and the beginning of the permissive dialing period, will take place at 12:01 AM Eastern Time on September 22, 2001. During the permissive period, either the 810 or 586 NPA code will be acceptable in a dialed number terminating in the new 586 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept.

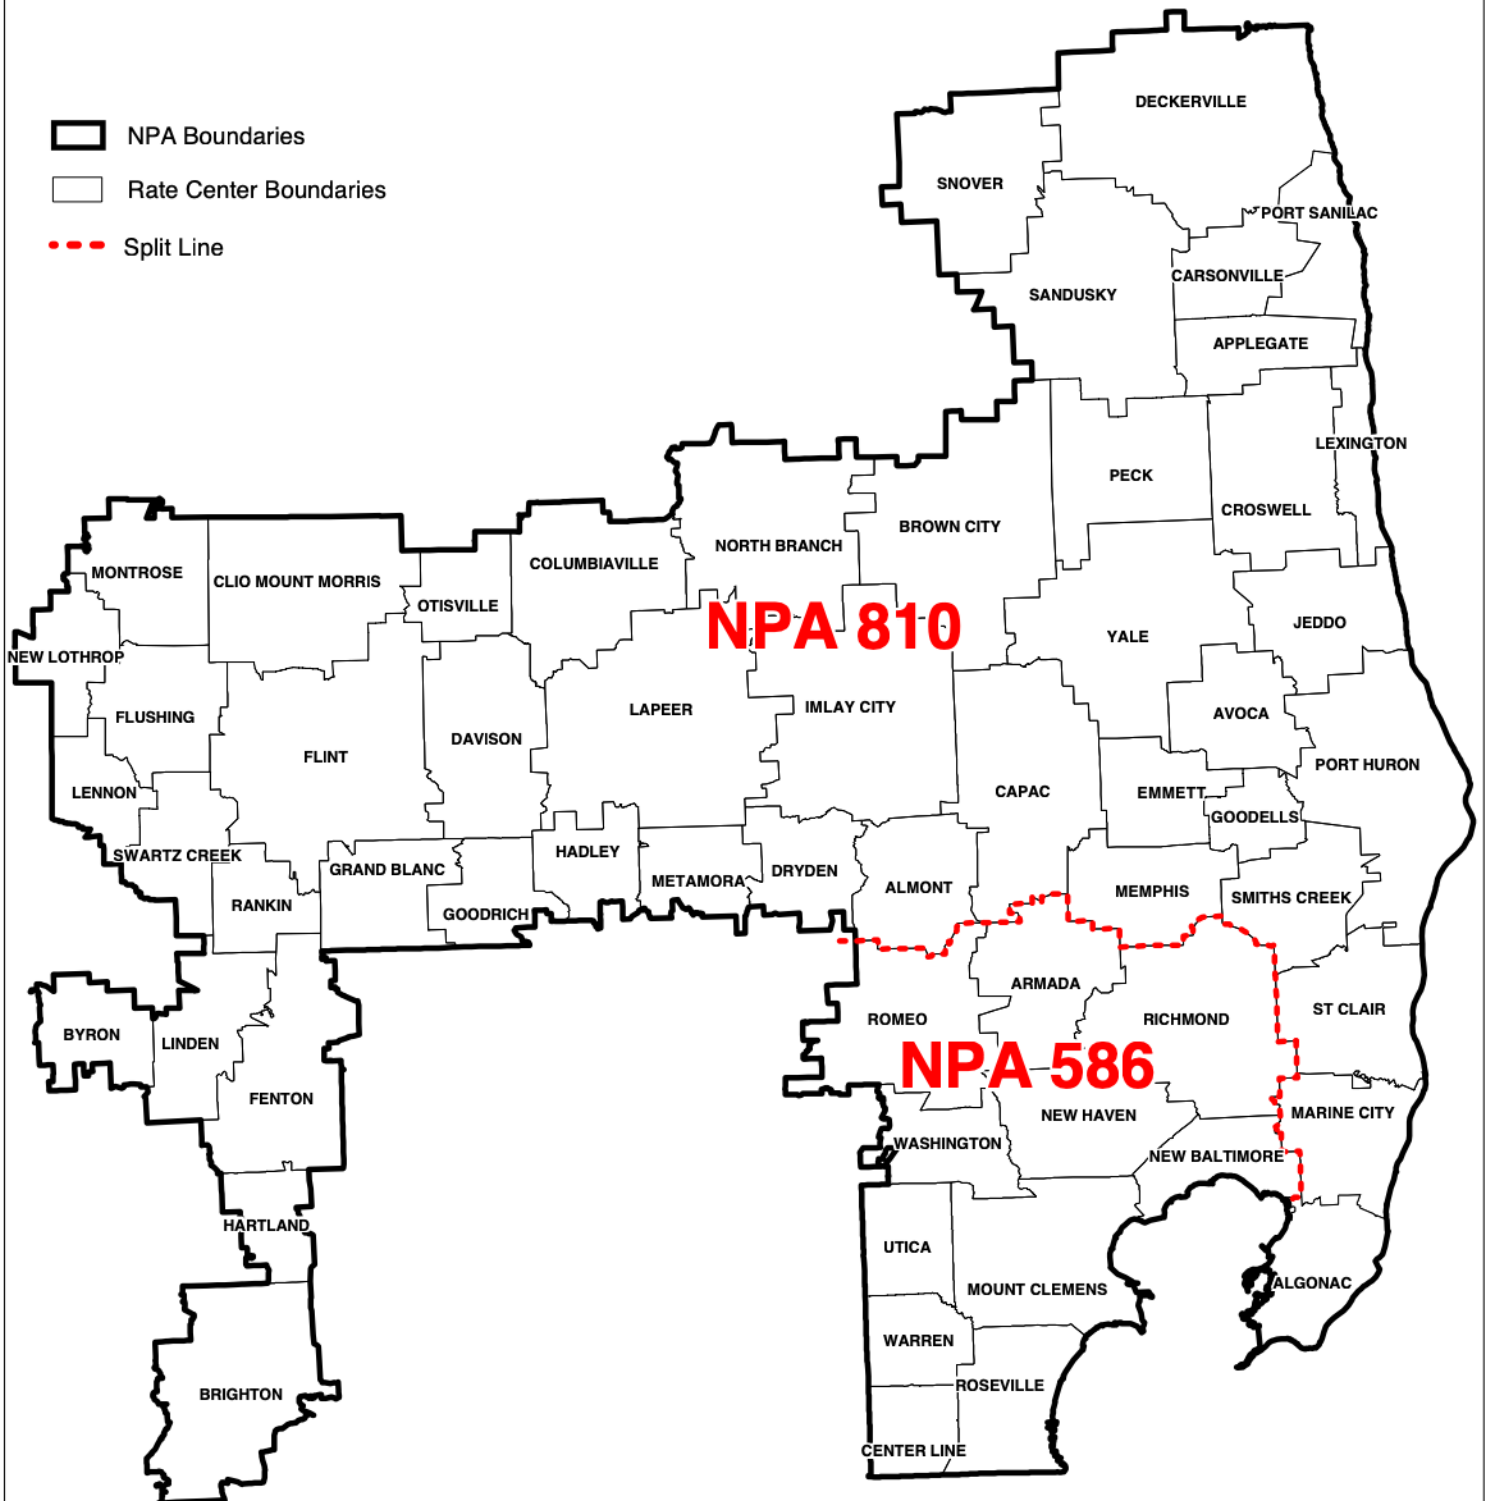

After the beginning of mandatory dialing on March 23, 2002, the dialing plan for the 810 and 586 NPAs will be as follows:

- All local calls terminating in the home NPA will be dialed as 7-digits (NXX+XXXX).
- All local calls terminating in a foreign NPA will be dialed as 11-digits (1+NPA+NXX+XXXX).
- All toll calls will be dialed as 11 digits (1+NPA+NXX+XXXX)
- All operator-assisted calls, including credit card, collect, and third party calls, will require the prefix "0" and 10 digits (0+NPA+NXX+XXXX)

All international and domestic carriers should ensure that the new 586 NPA has been activated throughout their networks prior to September 22, 2001. Test calls to verify routing to the 586 NPA can be made by dialing 586-416-9996. The test number will be in service beginning approximately August 22, 2001 and will remain in place until April 23, 2002. A recorded announcement will indicate that the test call has been successfully completed.

General questions concerning the relief of the 810 NPA should be directed to George Light, NPA Relief Planner, NANPA, on (708)-848-3838. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.
