

Number: PL-268
Date: March 27, 2001
From: North American Numbering Plan Administration (NANPA)
Subject: 520 NPA Split, Creating 928 NPA (Arizona)

On September 5, 2000, the Arizona Corporation Commission (ACC) approved a relief plan calling for a geographic split of the 520 NPA, which currently serves most of Arizona excluding the greater Phoenix calling area.

The new 928 NPA will encompass most of the geographic area of the existing 520 NPA, excluding the rate areas within Cochise, Pima, Pinal and Santa Cruz counties in the greater Tucson calling area. The following rate areas will retain the 520 NPA: Ajo, Benson, Bisbee, Blackwater, Bowie, Casa Blanca, Casa Grande, Cascabel, Coolidge, Douglas, Elfrida, Eloy, Florence, Hayden, Komatke, Lone Butte, Maricopa Village, Maricopa, Nogales, Patagonia, Pearce, Portal, Sacaton, San Manuel, San Simon, Santa Rosa, Sasbe, Sells, Sierra Vista, Stutonic, Sunizona, Superior, Tombstone, Tucson, West San Simon, Whitlow, and Willcox.

The split of the 520 NPA, and the beginning of a permissive dialing period, will take place at 12:01 AM Mountain Time on June 23, 2001. The permissive dialing period will end on January 5, 2002. During the permissive dialing period, either the 520 or the 928 NPA code will be acceptable in a dialed number terminating in the new 928 NPA. After the permissive dialing period, all calls dialed with incorrect NPA codes, as defined in the NPA split information published in the Local Exchange Routing Guide (LERG), will be routed to intercept. This intercept recording announcement shall be available at least until March 9, 2002.

The attached map illustrates the 520 and 928 NPA configuration after the split is completed. Also attached are listings of the assigned central office codes (NXXs) and Rate Areas that will be associated with the 520 and 928 NPAs. These lists reflect assignments published in the LERG as of March 1, 2001. Since the attached NXX information may change over time, updated information may be found either in the LERG or the NPA NXX Activity Guide (NNAG). Current information in the NNAG is free of charge and from the LERG is available by license contract from Telcordia's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA hotline at 732-699-6700.

All international and domestic carriers are asked to ensure that the new 928 NPA code has been activated throughout their networks prior to June 23, 2001. Test calls to verify routing to the new NPA code can be made by dialing either of the two test numbers: LATA 666 - (928) 526-4928, or LATA 668 - (928) 348- 7928. These test numbers will be in service as of June 23, 2001, and will be disconnected no earlier than March 9, 2002. Calls successfully completed to the test numbers will receive a recorded announcement.

The dialing plan for the 928 NPA will be the same as the current 520 NPA dialing plan; namely,

- All home NPA local calls may be dialed on a 7-digit basis with no prefix (NXX-XXXX).
- All foreign NPA local calls will be dialed with 10 digits (NPA+NXX+XXXX)
- All direct dialed toll calls, i.e., calls that generally incur an extra charge, must be dialed with a prefix "1" and 10 digits (1+NPA + NXX + XXXX).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a prefix "0" and 10 digits (0+NPA+NXX+XXXX).

General questions concerning the geographic split may be directed to Joe Cocke, NeuStar, Inc.– NPA Relief Planning – Western Region at 805-520-1945. Questions of a technical nature should be directed to the NPA project coordinator of each respective service provider:
