

Number: PL-296
Date: August 17, 2001
From: North American Numbering Plan Administrator (NANPA)
Subject: 219 NPA Split, Creating 574 and 260 NPAs (Indiana)

On June 14, 2001, The Indiana Regulatory Commission ("Commission") in Cause No. 41535, approved a 3-way geographic split as the relief method for the 219 NPA, which serves the northern region of Indiana. The attached map identifies the NPA boundaries after the 3-way split.

The new 574 NPA will serve the central portion of the existing 219 NPA. Some of the areas to be served by NPA 574 include South Bend, Elkhart, Winamac, Logansport and Monticello.

The new 260 NPA will serve the eastern portion of the existing 219 NPA. Some of the areas to be served by NPA 260 include Lagrange, Fort Wayne, North Manchester, Silver Lake, Wabash, Warren and Portland.

Also attached is a listing of the 219 NPA central office codes, rate centers, and Common Language Location Identifiers (CLLI) that will remain in the 219 NPA and those that will move to the new 574 and 260 NPAs. This information is current as of July 31, 2001. Since NXX information may change over time, consult the Local Exchange Routing Guide (LERG) or the NXX Activity Guide (NNAG) for updated information. Information in the LERG and NNAG is available by license contract from Telcordia Technologies, Traffic Routing Administration (TRA), at 732-699-6700.

The split of the 219 NPA and the beginning of the permissive dialing period, will take place at 12:01 AM (Central) on Tuesday, December 11, 2001. The permissive dialing period will end at 12:01 AM (Central) on Friday, June 14, 2002. During the permissive dialing period, either the 219 or the new NPA code will be acceptable in a dialed number terminating in the new 574 and 260 NPAs. After the permissive period, all calls dialed with the incorrect NPA code will be routed to intercept. There will be a 30-day period beyond the start of mandatory dialing before NXXs are reassigned in the 260, 574 and 219 NPAs. Accordingly, the earliest effective date for NXXs assigned in either the 574 or 260 NPAs will be July 14, 2002.

After the beginning of mandatory dialing on June 14, 2002, the dialing plan for the 260, 574 and 219 NPAs will be as follows:

- All local intra-NPA calls will be dialed as 7-digits (NXX+XXXX).
- All local inter-NPA calls will be dialed as 10-digits (NPA+NXX+XXXX).
- All toll calls will require dialing "1" followed by 10 digits (1+NPA+NXX+XXXX).

- All operator assisted calls, including credit card, collect, and third-party calls will require dialing "0" followed by 10-digits (0+NPA+NXX+XXXX).

All international and domestic carriers should ensure that the new 574 and 260 NPAs have been activated throughout their networks prior to December 11, 2001. Test calls to verify the routing to the 574 NPA can be made by dialing 574-232-1433. Test calls to verify the routing to the 260 NPA can be made by dialing 260-925-2680. The test number(s) will be in service beginning November 11, 2001 through July 14, 2002. A recorded announcement will indicate that the test call has been successfully completed.

General questions regarding the relief of the NPA 219 should be directed to Frank Colaco, Senior NPA Relief Planner NANPA, on 973-740-9100. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.
