

Number: PL-342

Date: October 1, 2004

From: Canadian Numbering Administrator (CNA)

Subject: NPA 226 to Overlay NPA 519 (Southwestern Ontario, Canada)

Related Previous Planning Letters: None

In Telecom Decision CRTC 2002-25, *Area code 519 relief plan* dated 22 April 2002, the Canadian Radio-television and Telecommunications Commission (CRTC) approved the introduction of a new area code in the southwestern Ontario, Canada region currently served by area code 519. The new area code will be implemented in a "distributed overlay" over the exchanges that comprise the current 519 area code. The North American Numbering Plan Administration (NANPA) has assigned NPA code 226 for this purpose. In Telecom Decision CRTC 2003-66, the CRTC approved the revised Relief Date of **21 October 2006** for the implementation of NPA 226.

The new 226 NPA will serve the same geographic area as the existing 519 NPA in Southwestern Ontario, Canada, including the cities of Brantford, Cambridge, Chatham, Goderich, Guelph, Kitchener-Waterloo, London, Orangeville, Owen Sound, Sarnia, Simcoe, Stratford, Windsor and Woodstock. A map showing the area served by the 519 and 226 NPAs is attached.

Commencing on **17 June 2006** starting at 00:01 a.m. ET, callers dialing using only 7 digits will be provided with a network announcement notifying them to dial local calls using 10-digits, followed by automatic completion of the call. All Canadian carriers operating in NPA 519 will implement a network announcement during the period **14 – 21 October 2006**. This announcement will be maintained for calls dialed on a 7-digit basis until mandatory local 10-digit dialing is introduced on **14 October 2006** starting at 00:01 a.m. ET.

After the beginning of mandatory local 10-digit dialing on **14 October 2006** starting at 00:01 a.m. ET, a network announcement will be activated for 7-digit dialed calls informing the caller that local 10-digit dialing is required and directing the caller to hang up and redial using the area code plus the 7-digit number they are calling. All Canadian carriers operating in NPA 519 will implement a network announcement during the period **14 – 21 October 2006**.

The dialing plan for the 519/226 overlay area will be as follows:

- All local calls, including Extended Area Service calls, originating within the 519/226 overlay area must be dialed with 10-digits; i.e., NPA-NXX-XXXX.
- Toll and alternately billed service calls within the 519/226 overlay area will continue to be dialed with 10-digits after the appropriate prefix digit(s).

In area code 705, the dialing plan for the four exchange areas Alliston, Barrie, Collingwood and Cookstown will be changed as follows:

- All local calls originating within the four exchanges identified above and terminating in the 519/226 overlay area must be dialed using 10-digits; i.e., NPA-NXX-XXXX.

All international and domestic Telecommunications Service Providers (TSPs) should ensure that the new 226 NPA code is activated throughout their networks prior to **17 June 2006**.

The following Test Numbers for NPA 226 will be made available for testing purposes effective **15 April 2006**. Test calls to verify routing to the new 226 NPA can be made by dialing these numbers.

| <u>Carrier</u> | Test Number         |
|----------------|---------------------|
| Allstream      | 226-810-TEST (8378) |
| Bell Canada    | 226-610-TEST        |
| Company Name   | 226-NXX-TEST (8378) |

Calls successfully completed to the test numbers will receive the following standard recorded announcement:

"You have successfully completed a call to the 226 Area Code Test Number at [CARRIER NAME] in southwestern Ontario, Canada".

The Test Numbers will be disconnected between 21 November 2006 and 21 December 2006.

Central Office (NXX) Codes within the new 226 NPA may be assigned to TSPs after **21 April 2006** (i.e., six months prior to the relief date of **21 October 2006**), however, assigned codes cannot be activated in the PSTN prior to **21 October 2006**.

General questions about this relief activity or Central Office Code Administration may be directed to Glenn Pilley or Suresh Khare, CNA, at 613-563-7242. Technical questions should be directed to the appropriate TSP.

## Map of NPA 519

### Exchange Areas in NPA 705 with 7 Digit Local Dialing Into NPA 519
