General Description

On May 31, 2007, the Kentucky Public Service Commission (KY PSC) in Case No. 2006-00357 ordered a 2-way geographic split as the relief method for the 270 NPA, which serves the western portion of the State of Kentucky.

On December 13, 2010, the KY PSC issued an order that vacated the previously ordered decision to implement a geographic split as the chosen relief methodology for the 270 NPA. A new relief method shall be chosen when relief becomes necessary for the 270 NPA. NANPA shall submit a new petition to the Commission to make a determination on 270 NPA relief and to establish an implementation schedule when NANPA finds that such relief for the 270 NPA becomes necessary. This proceeding is closed and shall be removed from the Commission's docket.
