

Number: PL- 461
Date: January 28, 2014
Subject: NPA 628 to Overlay NPA 415 (California)
Related Previous Planning Letters: 421, 206, 191

General Description

On December 19, 2013 the California Public Utilities Commission (CPUC) in Decision 13-12-055 approved an all-services overlay as the relief method for the 415 NPA. The 415 NPA generally covers the County of San Francisco, most of Marin County and a small portion of San Mateo County; serving the communities of Belvedere, Brisbane, Corte Madera, Daly City, Fairfax, Ignacio, Inverness, Larkspur, Mill Valley, Nicasio, Novato, Point Reyes, Ross, San Anselmo, San Francisco, San Rafael, Sausalito, Stinson Beach and Tiburon. The new **628 NPA** will serve the same geographic area currently served by the existing 415 NPA.

Implementation of Relief Plan

Implementation of the overlay of the 628 NPA is as follows:

	Time	Date
Start of permissive 1+10-digit dialing	12:01 AM PT	August 16, 2014
End of permissive dialing and start of mandatory 1+10-digit dialing	12:01 AM PT	February 21, 2015
Earliest new NPA central office code activation date*	-	March 21, 2015
Earliest date central office codes in the new NPA may be ordered through NANPA	-	September 21, 2014

* Effective Date of the New 628 NPA

During the permissive dialing period, subscribers may dial calls within the overlay area on either a 7-digit or 1+10-digit basis, but will be encouraged to dial 1+10-digits. After the permissive period ends, all calls must be dialed using 1+10-digits.

Central Office Code Listings and NPA Map

Rate center maps of the 415/628 NPA overlay are attached. Since NXX information may change over time, please consult the NANPA website at www.nanpa.com, iconectiv’s LERG Routing Guide or the NPA NXX Activity Guide for updated information. Information in the LERG Routing Guide and NPA NXX Activity Guide is available by license contract from Telecom Routing Administration, at 732-699-6700.

Dialing Plan

Coincident with the introduction of mandatory 1+10-digit dialing on February 21, 2015, the dialing plan for the 415 and 628 NPAs will be as follows:

Type of call	Call terminating in	Dialing plan
Local call	Home NPA (HNPA) or Foreign NPA (FNPA)	1 + 10-digits (1 + NPA-NXX-XXXX)
Toll call	HNPA or FNPA	1 + 10-digits (1 + NPA-NXX-XXXX)
Operator Services Credit card, collect, third party	HNPA or FNPA	0 + 10-digits (0 + NPA-NXX-XXXX)

Network Testing

All international and domestic carriers should ensure that the new 628 NPA has been activated throughout their networks prior to March 21, 2015. A test number to verify the routing to the new NPA will be in service beginning December 21, 2014 through April 21, 2015. The test number to verify the routing to the 628 NPA is (628) 628-1628. A recorded announcement will indicate that the test call has been successfully completed.

General Information

The information in this planning letter reflects detailed information about NPA relief activities. The information has been derived from commission orders and from industry implementation decisions. The implementation of the plan described in this letter is the responsibility of individual service providers, and NANPA does not guarantee that the activities and plans will occur exactly as described herein.

Contact Information

General questions regarding the relief of the NPA 415 should be directed to Joe Cocke, Senior NPA Relief Planner - NANPA, on 571-434-5690. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.

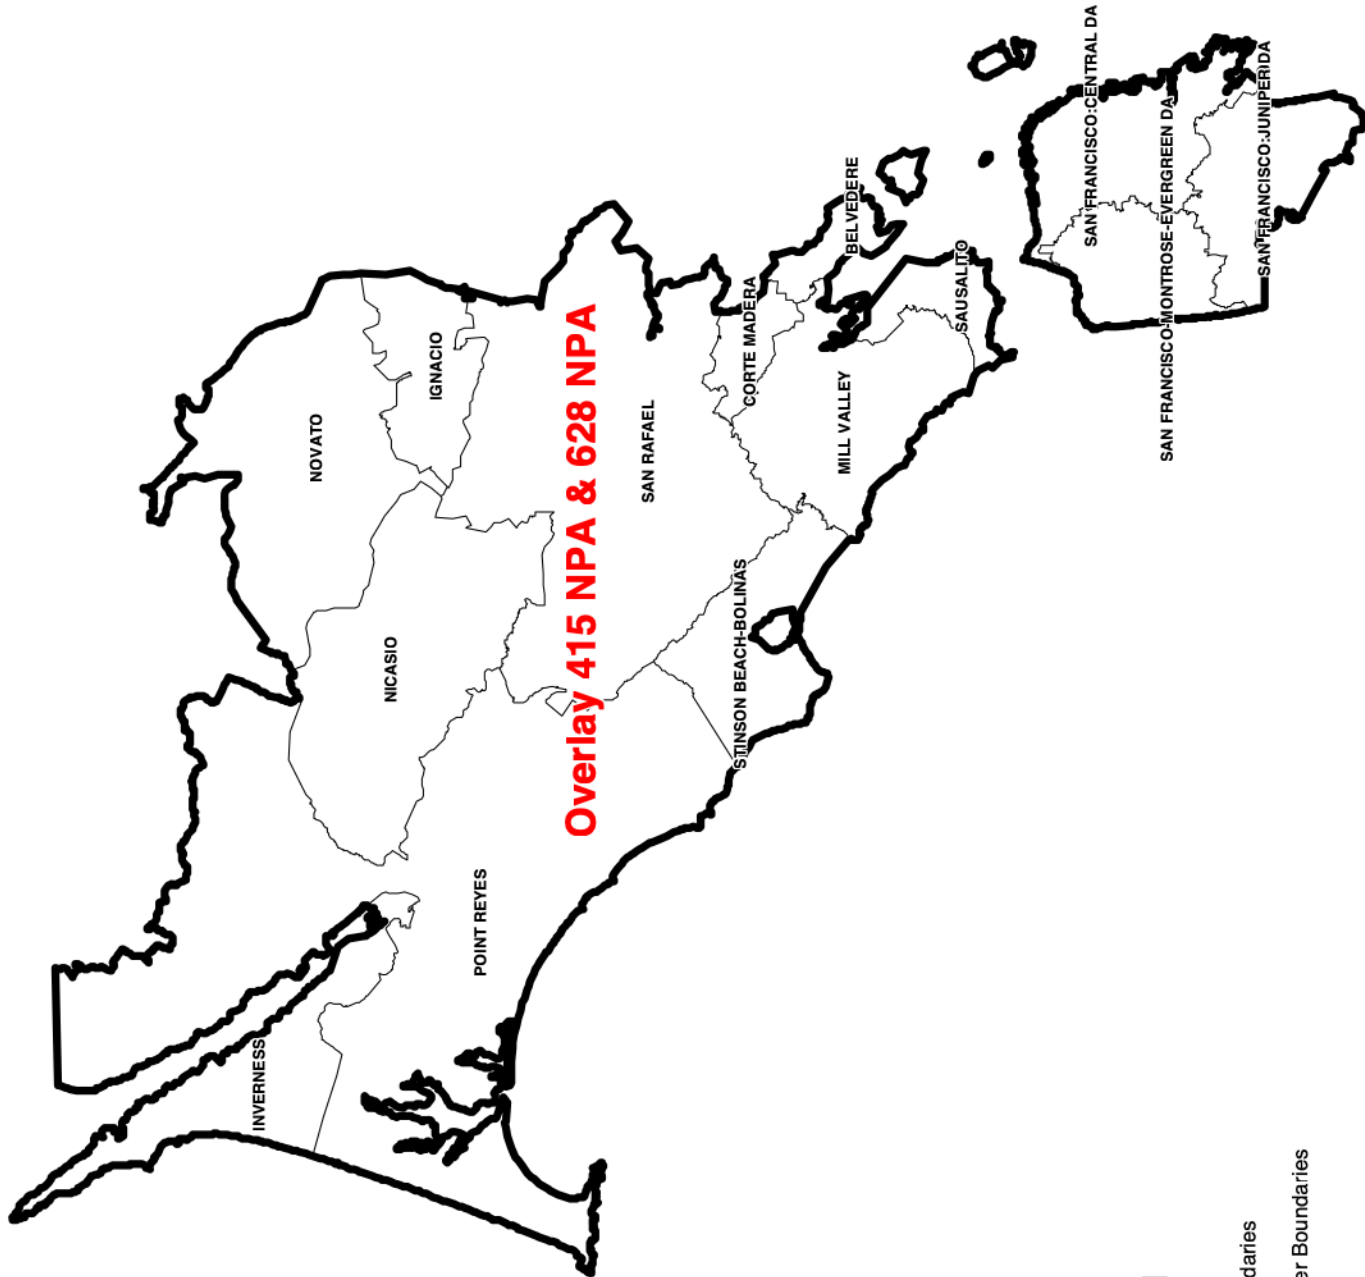

Attached is a list of service provider and contact information that is provided to assist in the implementation of the relief plan described herein. Because this information is subject to change, NANPA cannot guarantee the completeness or the accuracy of the attached list.
