**Related Previous Planning Letters:** PL-287, PL-116

---

**General Description**

On July 18, 2014, the Florida Public Service Commission, (FPSC) approved the expansion of the 305-786 NPA concentrated overlay into Monroe County for the remaining Florida Keys rate center which includes communities such as Big Pine Key, Islamorada, Key Colony Beach, Key Largo, Key West, Layton, Marathon, North Key Largo and Sugar Loaf Shores.

**Implementation of Overlay Expansion**

In preparation for the expansion of the overlay code and mandatory 10 digit dialing, a permissive dialing period has been in place since August 1, 2001. During this time subscribers in the geographic area to be served by the overlay expansion, have been encouraged to dial 10 digits (i.e. NPA + NXX + XXXX) for all local calls. Beginning on April 18, 2015, at 12:01 a.m. (ET) all local calls within and between the 305 and 786 NPAs in the overlay area will require 10-digit dialing. Implementation of the overlay expansion of the 786 NPA is as follows:

	<b>Time</b>	<b>Date</b>
Start of permissive 10-digit dialing.	-	August 1, 2001
End of permissive dialing and start of mandatory 10-digit dialing	12:01 AM Eastern	April 18, 2015
Earliest new 786 NPA central office code activation date in Keys rate center*	-	June 1, 2015
Earliest date central office codes in the 786 NPA for the Keys rate center may be ordered through NANPA		November 1, 2014

\*Effective date of new 786 NPA in Keys rate center

During the permissive dialing period, subscribers in the Keys area may dial local calls within the overlay area on either a 7-digit or 10-digit basis, but will be encouraged to dial 10-digits. After the permissive period ends, all calls must be dialed using 10-digits.

When preparing for overlay area code relief, carriers are strongly encouraged to prepare their switches to begin sending 10 digits prior to the mandatory 10-digit dialing conversion date for customers.
