

Number: PL – 470
Date: October 24, 2014
Subject: NPA 930 to Overlay NPA 812 (Indiana)
Related Previous Planning Letters: PL-457

General Description

On July 31, 2013, the Indiana Utility Regulatory Commission (IURC) in its order in Cause No. 44233 approved an all services overlay as the relief method for the 812 NPA. The 812 NPA covers the southern third of the state of Indiana serving communities such as Bloomington, Columbus, Evansville, New Albany and Terre Haute. The new **930 NPA** will serve the same geographic area currently served by the existing 812 NPA. A map showing the area served by these NPAs is attached.

On October 15, 2014 the IURC issued an order extending the deadline for the end of permissive dialing and start of mandatory 10-digit dialing from September 6, 2014 to February 7, 2015 with the first code activation for codes assigned from the new overlay NPA to take place on March 7, 2015.

Implementation of Relief Plan

Implementation of the overlay of the 930 NPA is as follows:

	Time	Date
Start network preparation for the overlay no later than		September 9, 2013
Start of permissive 10-digit dialing	12:01 AM CT	March 1, 2014
End of permissive dialing and start of mandatory 10-digit dialing	12:01 AM CT	February 7, 2015
Earliest new NPA central office code activation date *	-	March 7, 2015
Earliest date central office codes in the new NPA may be ordered through NANPA	-	December 31, 2014

* Effective Date of the New 930 NPA

During the permissive dialing period, subscribers may dial local calls within the overlay area on either a 7-digit or 10-digit basis, but will be encouraged to dial 10-digits. After the permissive period ends, all calls must be dialed using 10-digits.

When preparing for overlay area code relief, carriers are strongly encouraged to prepare their switches to begin sending 10 digits prior to the mandatory 10-digit dialing conversion date for customers.

Central Office Code Listings and NPA Map

A rate center map of the 812/930 NPA overlay is attached. Since NXX information may change over time, please consult the NANPA website at www.nanpa.com, iconectiv’s LERG Routing Guide or the NPA NXX Activity Guide for updated information. Information in the LERG Routing Guide and the NPA NXX Activity Guide is available by license contract from Telecom Routing Administration (TRA), at 732-699-6700.

Dialing Plan

Coincident with the introduction of mandatory 10-digit dialing, the dialing plan for the 812 and 930 NPAs will be as follows:

Type of call	Call terminating in	Dialing plan
Local Call	Home NPA (HNPA) or Foreign NPA (FNPA)	10-digits (NPA-NXX-XXXX)*
Toll Call	HNPA or FNPA	1 + 10-digits (1 + NPA-NXX-XXXX)
Operator Services Credit card, collect, third party	HNPA or FNPA	0 + 10-digits (0 + NPA-NXX-XXXX)

*1+10 digit for all HNPA and FNPA calls permissible at each service provider’s discretion

Service providers that allow 7-digit local cross-NPA dialing into the IN 812-930 NPA overlay complex should consider implementing the appropriate dialing or translation restrictions to prevent any code conflict. Additionally, if the 930 NXX is in use in an adjacent NPA and 7-digit dialing is in use, then implementation of timing delay measures may be required.

Network Testing

All international and domestic carriers should ensure that the new 930 NPA has been activated throughout their networks prior to July 7, 2014. The test number to verify the routing to the new NPA will be in service beginning July 7, 2014 through April 7, 2015. The test number to verify the routing to the 930 NPA is 930-930-1930. A recorded announcement will indicate that the test call has been successfully completed.

General Information

The information in this planning letter reflects detailed information about NPA relief activities. The information has been derived from commission orders and from industry implementation decisions. The implementation of the plan described in this letter is the responsibility of

individual service providers, and NANPA does not guarantee that the activities and plans will occur exactly as described herein.

Contact Information

General questions regarding the relief of the 812 NPA overlay should be directed to Wayne Milby, Senior NPA Relief Planner NANPA, on 804-795-5919. Questions of a technical nature should be directed to the NPA coordinator of the appropriate service provider.

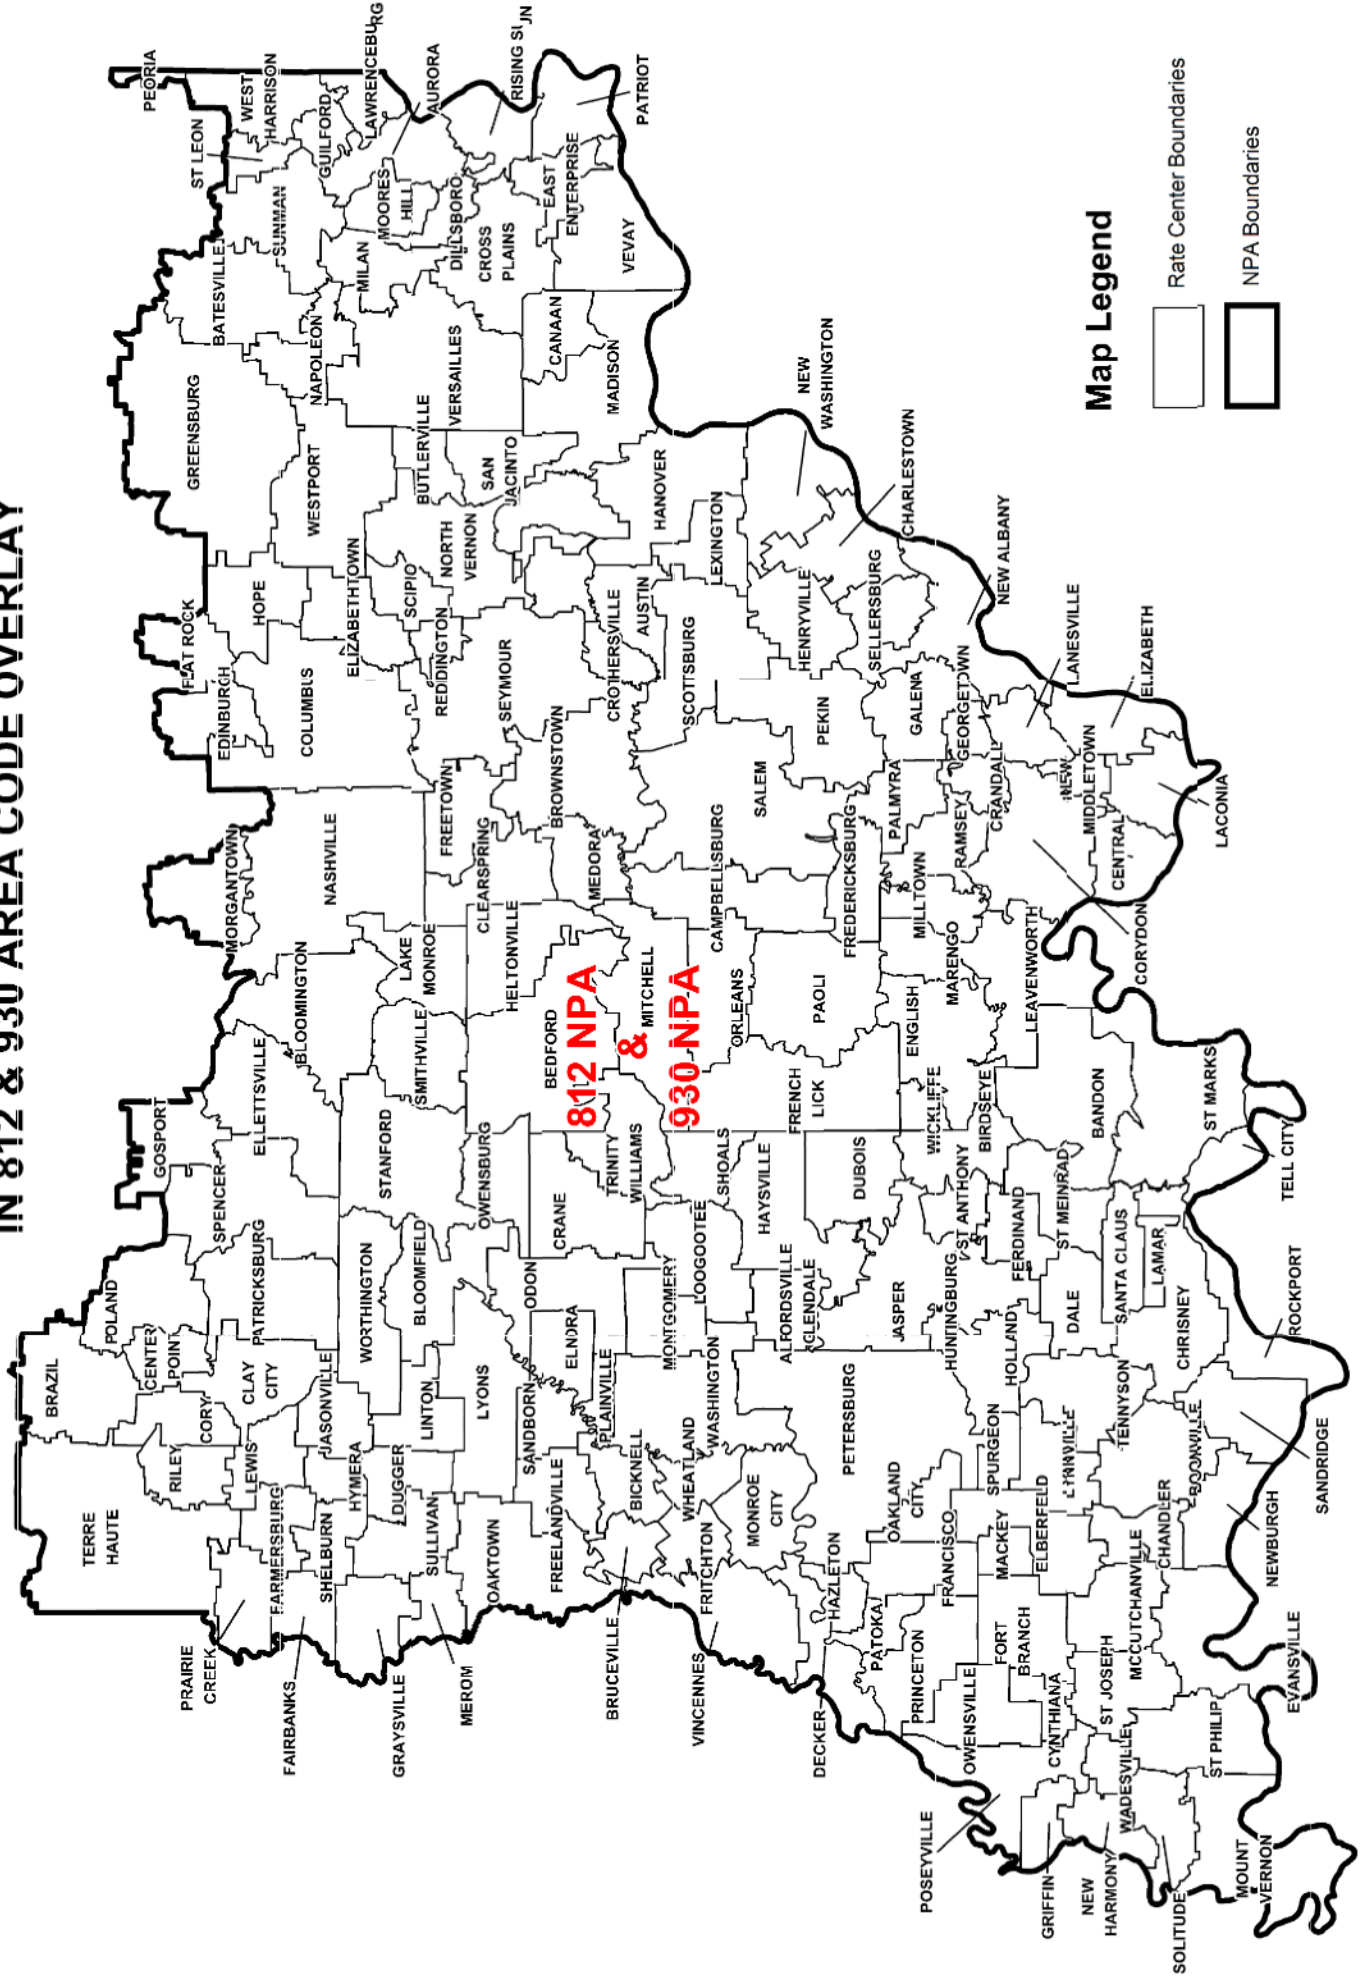

Attached is a list of company and contact information that is provided to assist in the implementation of the relief plan described herein. Because this information is subject to change, NANPA cannot guarantee the completeness or the accuracy of the attached list.
