

Number: PL- 584
Date: 25 February 2022
From: Canadian Numbering Administrator (CNA)
Subject: NPA 584 to Overlay NPA 204/431 (Manitoba)
Related Previous Planning Letters:

In Telecom Decision CRTC 2022-51, dated 24 February 2022, the Commission approved the 204/431 Relief Planning Committee's report which recommended relief for area codes 204/431 for the province of Manitoba, Canada be provided through a distributed overlay of new area code 584 starting 29 October 2022.

New area code 584 has been assigned by the North American Numbering Plan Administrator (NANPA) and will be implemented as a distributed overlay over the geographic area of Manitoba currently served by the 204 and 431 area codes. The area served by NPA Codes 204/431 and the new 584 NPA Code consists of 244 Exchange Areas, including the Exchange Areas of Brandon, Dauphin, Portage La Prairie, Selkirk, Steinbach Thompson, Winkler and Winnipeg. A map showing the location of the area served by NPAs 204 and 431, and a list of the 244 Exchange Areas are attached to this letter.

When the new 584 NPA is introduced, the dialling plan for the 204/431/584 overlay area will be as follows:

- All local calls, including Extended Area Service calls, originating within the 204/431/584 overlay area must be dialled with 10-digits; i.e., NPA-NXX-XXXX.
- Toll and alternately billed service calls originating within the 204/431/584 overlay area will continue to be dialled with 10-digits after the appropriate prefix digit(s).

All international and domestic Telecommunications Service Providers (TSPs) should activate the new 584 NPA throughout their networks by the start date for network testing (29 July 2022).

The following test numbers for the new NPA 584 will be made available effective 29 July 2022. Routing of calls to NPA 584 can be verified by dialling the 8378 (TEST) numbers which do not provide answer supervision. Billing of calls to NPA 584 can be verified by dialling the 2455 (BILL) numbers which provide answer supervision.

Test Number	Exchange Area (Rate Center)	Carrier
584-610-8378 and -2455	Winnipeg	Bell Canada (MTS)

Calls successfully completed to test numbers will receive the following announcement:

You have successfully completed a call to the 584 Area Code Test Number at [CARRIER NAME] in Manitoba, Canada.

La communication a été établie avec succès au numéro de vérification de l'indicatif régional 584, à [NOM DU TÉLÉCOMMUNICATEUR], Manitoba, Canada.

The disconnection dates for the test numbers will be between 28 November 2022 and 3 January 2023.

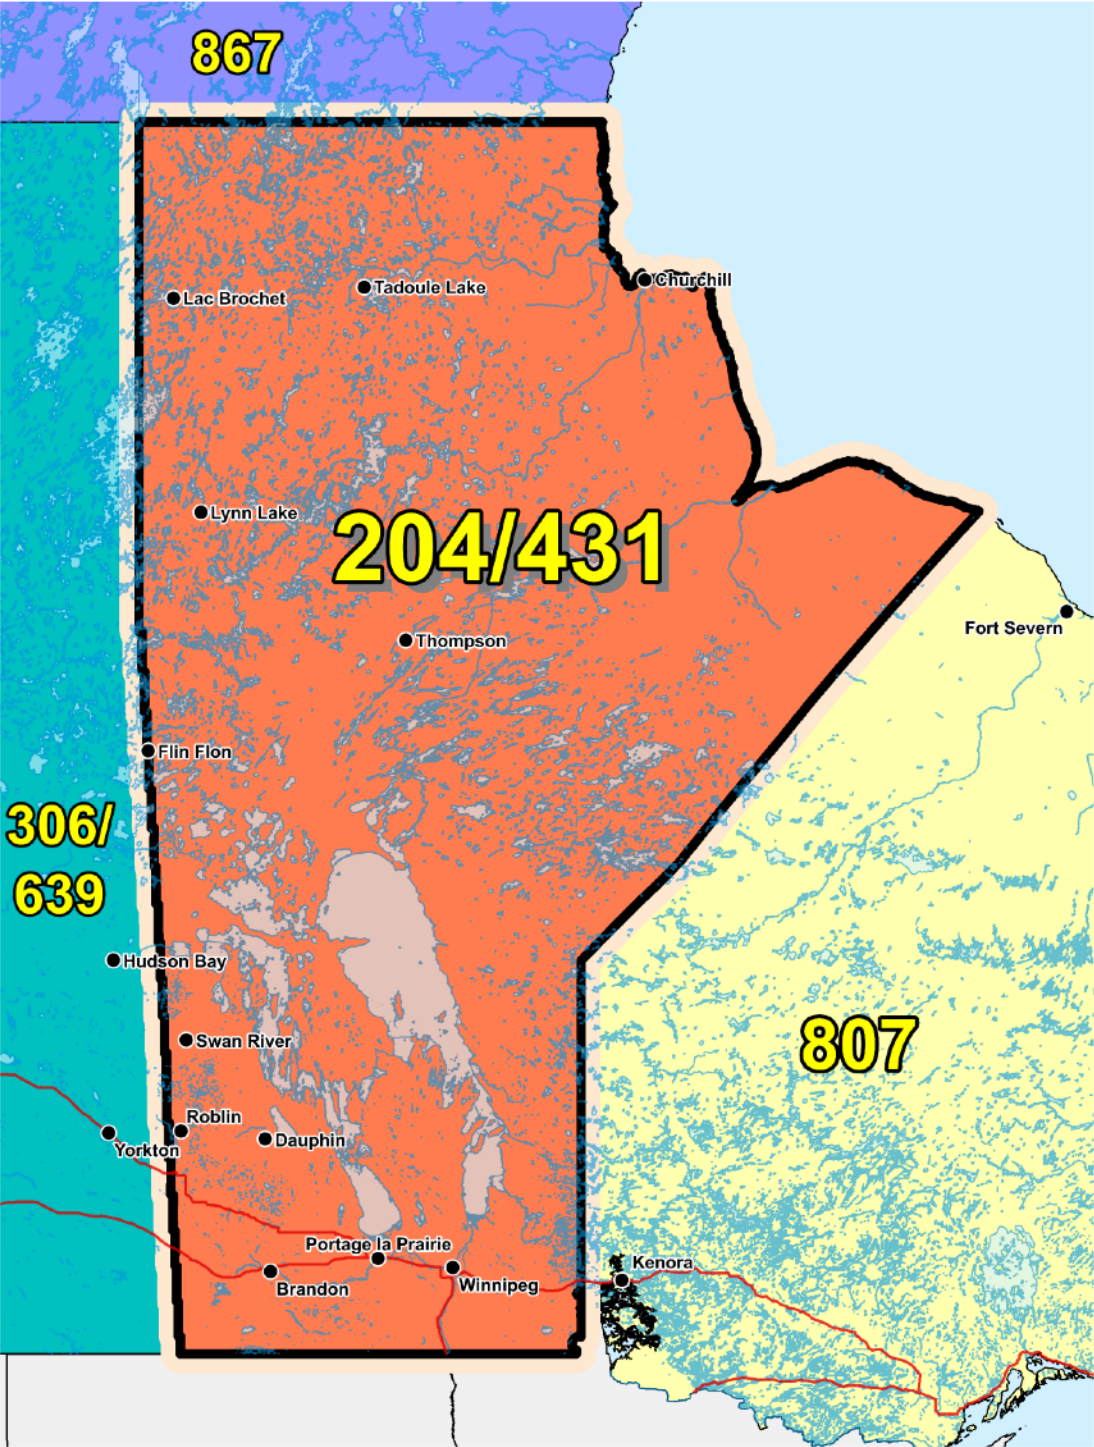

Central Office (NXX) Codes within NPA 584 may be assigned to TSPs starting from 29 April 2022 but cannot be activated in the PSTN prior to the Relief Date of 29 October 2022.

General questions about this relief activity may be directed to Suresh Khare or Kelly T. Walsh, of the Canadian Numbering Administrator (CNA), at 613-702-0016. Specific questions related to telecommunications services and network routing should be directed to the appropriate TSP.
