Subject: NANP-Split of 816 (Missouri) Numbering Plan Area (NPA)

We have been advised by Southwestern Bell Telephone that substantial number growth in northern Missouri necessitates providing area code relief for the 816 NPA. The relief plan calls for a geographic split of the 816 NPA and the simultaneous introduction of a new 660 NPA. The following is a description of this relief plan.

The Kansas City metropolitan area and the St. Joseph exchange will retain the 816 NPA with the remainder of the existing 816 NPA transferring to the new 660 NPA.

The split of the 816 NPA, and the beginning of a permissive dialing period, will take place at 12:01 AM Central Daylight Time (CDT) on Sunday, October 12, 1997. The permissive dialing period will end at 12:01 AM CDT on Sunday, April 19, 1998. During the permissive dialing period, either the 816 or 660 NPA code will be acceptable in a dialed number terminating in the new 660 NPA. After the permissive period, all calls dialed with the incorrect NPA code will be routed to a recorded announcement and will be blocked.

The attached map illustrates the 816 and 660 NPA configuration after the split. Also attached are listings of the assigned central office codes (NXXs) in the 816 and 660 NPAs, effective July 22, 1997. Since the attached NXX information may change over time, updated information may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG). Current information in the LERG and NNAG is available by license contract from Bellcore's Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at 732-699-6700.

All international and domestic carriers are asked to ensure that the new 660 NPA has been activated throughout their networks prior to October 12, 1997. Test calls to verify routing to the new NPA can be made by dialing one of two test numbers, i.e., 660-263-9999 (Moberly Tandem) or 660-627-9999 (Kirksville Tandem), effective October 1, 1997. Calls successfully completed to the test number will receive a recorded announcement. The test numbers will be disconnected at the end of the permissive period on April 19, 1998.

The dialing plan for the 816 and 660 NPAs will be as follows:

- All home NPA (HNPA) local calls will be dialed on a 7-digit basis with no prefix, i.e., NXX-XXXX (7 digits).
- All HNPA toll calls, i.e., calls that generally incur an extra charge, will be dialed with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All foreign NPA (FNPA) local calls within the Kansas City Metropolitan Area may be dialed on a 7-digit basis with no prefix, i.e., NXX + XXXX (7 digits).

- All other FNPA local calls will be dialed on a 10-digit basis with no prefix, i.e., FNPA + NXX + XXXX (10 digits).
- All FNPA toll calls will be dialed with a prefix "1" and 10 digits. i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

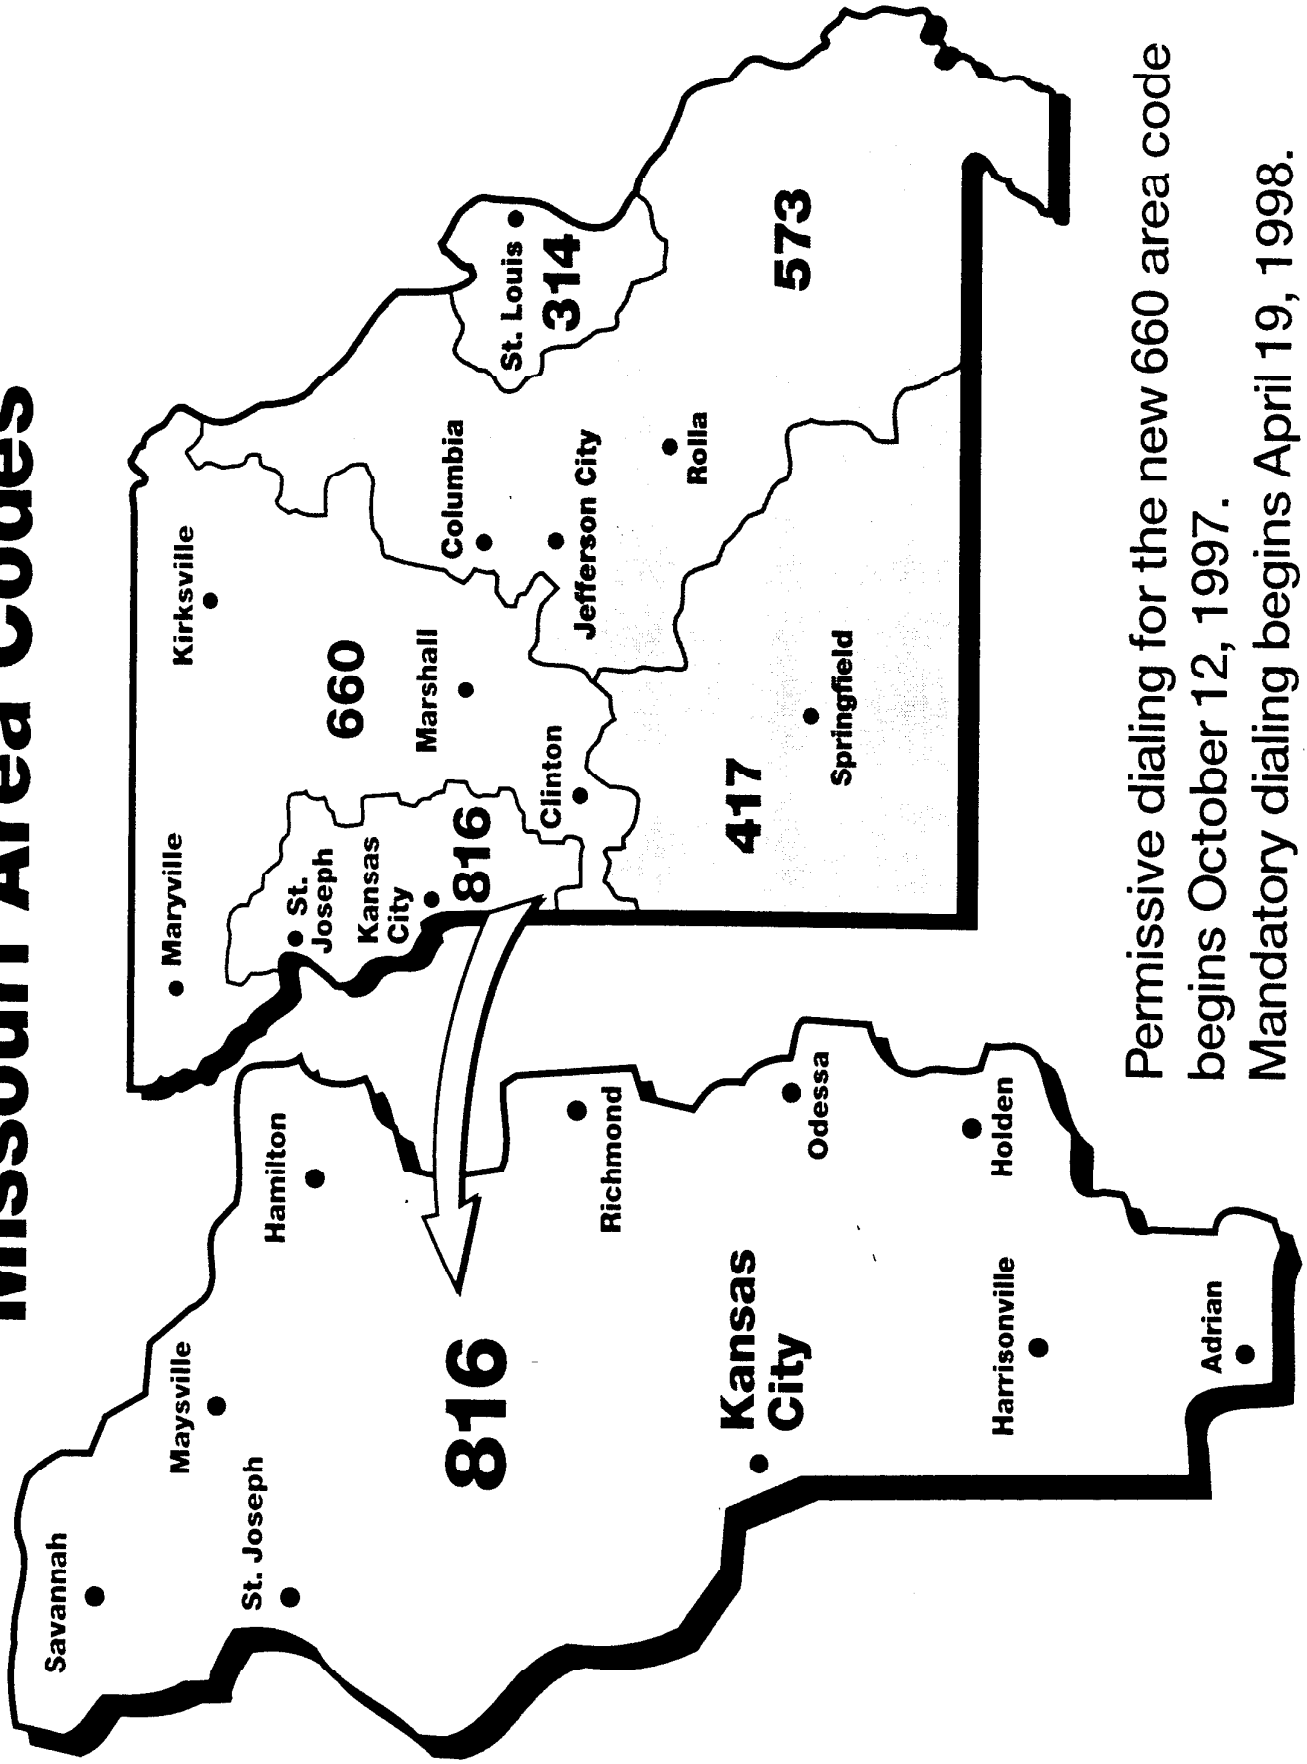

General questions concerning the 816 and 660 NPA split may be directed to the Bill Adair, Southwestern Bell Telephone, at 913-676-1539.

Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 732-699-6612.
